See you in 2010!

NVivo 8 Software Licenses

Some of you may be aware that we have been exploring purchase of NVivo 8 qualitative software licenses. We are pleased to announce that the OER will secure a three-year Site License Agreement for six NVivo licenses. These will be available through dedicated computers at each COE school for general faculty and doctoral student use. We will also have an additional six laptops available for check out through the Information and Instructional Technology Office.

All licenses will be installed and ready for use by the beginning of spring 2010. We will announce additional details in January's ORB. Stay tuned!

Best wishes to each of you for a peaceful and enjoyable holiday season and a very Happy New Year!

Congratulations are in order for **James McLeskey** (SSESPEC) for his awards from the Florida Department of Education; **Alyson Adams** (STL) for her award from Collier County and to **Fran Vandiver** (PK Yonge) for her award from the Florida Department of Education.

Best wishes to **Cynthia Chennault** (Language, Literature and Cultures) and **Danling Fu** (STL) for their proposal to the National Security Agency.

See below for more details about these awards and submission.

Ana & John
