## Shop local on Small Business Saturday

By Mike Winikoff

mwinikoff@hometownnewsol.com

INDIAN RIVER COUNTY — Small Business Saturday, also known as Shop Small Saturday, was created in 2010 to encourage holiday shoppers to patronize small, local businesses. This year, the event takes place on Nov. 24, the Saturday after Thanksgiving.

Small businesses are generally defined as businesses employing fewer than 100 people.

Though Small Business Saturday is a registered trademark of American Express and is coordinated by that company, it has become an unofficial shopping holiday with the support of local politicians, non-profits, and business groups.

Small Business Saturday is endorsed and promoted by the Small Business Association. Since 2013 it has also been promoted in the United Kingdom.

Falling between Black Friday, which mostly benefits big box retail stores, and Cyber Monday, which focuses on e-commerce, Small Business Saturday offers an opportunity to support the local economy with holiday and everyday shopping decisions.

According to a new Small Business Economic Impact Study from American

These numbers were presented to the Nov. 6 County Commissioners meeting in a memo from Kristin Daniels, Acting Manager, Office of Management & Budget.

## Pelican Island National Wildlife Refuge offering free wildlife tours

Join Pelican Island National Wildlife Refuge volunteers as they take you on a journey throughout the Refuge to experience our diverse habitats and observe wildlife.

Free wildlife tours will be offered every Wednesday from December 2018 through March 2019, and on one Saturday a month from January 2019 through March 2019 (Jan. 26, Feb. 23, March 23), from 8 a.m. to 10 a.m. Binoculars and field guides will be provided.

Pelican Island National Wildlife Refuge was established as the first Refuge of the National Wildlife Refuge System in 1903 by President Teddy Roosevelt out of necessity to save the last brown pelican rookery on the east coast of Florida and provide a safe haven for other water birds.

Today, Pelican Island provides habitat for about 30 different species of birds. More than 140 species of birds and a vast diversity of marine life, plants and animals, including several endangered/threatened species, such as manatees, green sea turtles, wood storks and eastern indigo snakes can be seen throughout the refuge.

Space is limited for the tours, so please call (772) 581-5557, extension 2, for reservations. Leave your name and phone number and someone will call you back to confirm a reservation.

## Diabetes Awareness month recognized

The Florida Department of Health in Indian River County recognizes November as Diabetes Awareness Month, a month set aside every year to raise awareness about diabetes and promote the importance of taking steps to confront diabetes as a critical health issue. The theme for this year is The Family and Diabetes, strengthening the role of the family in the management, care, prevention, and education of diabetes.

Maintaining a healthy lifestyle by eating nutritional foods and regular physical activity can help to decrease the risks of diabetes in adults and children, said Miranda Hawker, Florida Department of Health in Indian River County Health Officer.

The number of people diagnosed with diabetes has more than tripled in the last 20 years in the U.S. In Florida, it is estimated that over 2.4 million people have diabetes and over 5.8 million have prediabetes. Diabetes is the seventh leading cause of death in Florida.

There are three main types of diabetes: type 1, type 2, and gestational diabetes (diabetes while pregnant). Women with diabetes have more difficulty conceiving and may have poor pregnancy outcomes, so it is especially important for women to be aware of their risk factors for developing diabetes, including having a family history of diabetes

# Debbie's Hair Pampering still going strong after 18 years

By Mike Winikoff

mwinikoff@hometownnewsol.com

SEBASTIAN — At Debbie's Hair Pampering in Sebastian, owner Debbie Poli raves about her staff. Some of them have been with Debbie since she started her salon.

"I am so proud of my staff," Ms. Poli told Hometown News on a recent visit. "Melanie has been with me for 17 years. Alex has been with me for 18 years. Most of my staff has been here more than 10 years."

Melanie is the nail tech, and she's built a dedicated following. Melanie has won Hometown News awards five times, in part due to her mastery of nail art. The salon itself has won Hometown News' Best Salon every year since 2012.

Debbie Poli started Debbie's Hair Pampering in Aug., 2000, so they are now in their 19th year in River Park Plaza, on U.S. 1 in Sebastian. Her clients love the beautiful lagoon view. Debbie loves everything about the location.

"It is wonderful to have neighbors and a nice, busy plaza," Ms. Poli said. River Park Plaza features many successful businesses, and it borders a beautiful park. There's ample parking, and Debbie's is handicap accessible.

In addition to the dedicated staff, Debbie's has built a regular clientele, some of whom are drawn to Debbie's morning and evening flexibility. The availability of early hours has helped Debbie earn a top rating of 5 out of 5

on Facebook reviews.

"I start taking clients at 7:30 in the morning, and the rest of my staff starts at 9," Debbie said. "I've built a large early morning clientele, and I am so grateful for our faithful clients. There are a lot of people who have elderly or sick spouses at home, so they like to come really early in the morning, and then they're home before their spouse is even awake."

"A lot of men like to come in early in the morning before they go out on their boats or the golf course."

"I think it is unique for a hair salon to offer hours that early. Many salons don't open until 9 or 10 in the morning."

Debbie likes to answer questions, whether you are a client or not.

"I am happy to answer any hair questions that people have," Ms. Poli said. "Sometimes they just have questions they want answered about products or services. To me the most important thing is that people feel comfortable."

Debbie's stocks lots of colors and other hair products from various companies, to suit all hair types.

"I have and use a full line of Paul Mitchell products, and I also use Matrix products. I'm a Paul Mitchell Signature Salon. That means that I use all their colors and I sell all their retail. I also have full color lines of Matrix. I carry both lines to make sure we've got everybody's preferences covered."

Debbie's offers all the other services you'd

want from a salon, including clipper cuts, bangs, kid's cut, braids, perms, wraps, color, frost, foils, waxing, manicure, pedicure, buff and polish.

"I list specials in Hometown News every week, so check our ad to see what we're offering. We change the specials about once a month, so keep checking our ad to see new specials."

One current special is 15 percent off any service on Wednesdays for clients 50 and older. Tuesdays are 15 percent off perms, every week. Other specials change frequently.

One staff member, Alex, is offering 15

percent off all her services for the month of November.

"We offer gift certificates, which we're already starting to sell as Christmas gifts," Debbie added.

Debbie's Hair Pampering is open Tues.-Sat., 9 a.m.-4 p.m., Thurs. night until 7 p.m. Evening hours on other days may be available by appointment. Debbie's welcomes new clients and walk-ins.

Debbie's Hair Pampering is located at 482 US Highway 1, Unit 6, River Park Plaza, Sebastian. For more information or an appointment, stop by or call (772) 581-0850. You can also find Debbie's on Facebook.

“This time of year is always a popular one for community residents. People love to share the delicious citrus that we are so lucky to have in our backyard with their loved ones” said Caitlin Puppo, of the United Way. “It’s also a reminder of how import-

ant and appreciated our local citrus growers are to us. Indian River County is the citrus capital of North America, and the beautiful citrus that we have should be shared. We really can’t thank the citrus community enough,” said Ms. Puppo.

Small boxes of fruit sell for \$35, large boxes for \$50, shipping included. Fruit cannot be mixed in one box. Fruit is not for carry out. Cash, check or credit card accepted. Express, two-thirds of every dollar spent at small businesses stays in the local community. The study also says every dollar spent at small businesses creates an additional 50 cents in local business activity as a result of employee spending and businesses purchasing local goods and services. Thus, the study says, for every 10 jobs at a small business, another seven are supported in the community.

### Tired of the hassle

I am 73 years old and I have had it with the voting system.

Two years ago, I went to vote and I was confronted by ranting and raving people from both parties as I approached the polls. I was quite annoyed.

This year, I decided to avoid this scene and I asked for a mail-in ballot, which I received. I went over it with a fine-toothed comb and mailed it in. Before I mailed it in, I did not get anything from any candidate, but after I had requested the mail-in ballot, I was bombarded with giant postcards. Which, thank God, have now ended.

I took all the giant postcards and threw them in the garbage along with my ballot. I am never voting again.

part of their own DNA and they taught us all the math and sciences. Created in God's image indeed. Who knows?

### It can't be that difficult

We moved to Florida more than 20 years ago. In all those years we have never seen a lawn-service truck with equipment trailer that wasn't being driven from 12 to 18 inches over the center line into oncoming traffic. Not once.

To make matters worse, there are thousands of these vehicles in the state. Having to travel A1A frequently, we have had close calls too many times to count. I consider myself a courteous driver, but in many instances with these violators, there is no place for the law-abiding motorist to go.

There is an old saying "people who don't know how to drive large vehicles should not own big vehicles." (Their) mindset is "on to the next." It should be "on to the next safely."

### Looking for extraterrestrials

Why would aliens want to visit us?

When you go to the zoo to see your favorite animals, do you get in the enclosure with them? Nope. Too many humans here on Earth still cannot live in peace with other humans they perceive to be different. Why would aliens put themselves in danger to communicate with a species that would be technologically inferior and likely hostile?

For a long time I have wanted to meet an intelligent extraterrestrial, because I thought they would be able to help me, or help all of us, with some better brain power.

What I realized (while waiting!) is there are plenty of strange creatures here on Earth that are intelligent in ways other than human and we need to learn to "hear" what they have to teach us before we go looking out there. It's all here. What if any of these creatures now on Earth were originally extraterrestrials who crash landed?

Look into Ancient Sumerian culture. Their clay tablet writings say we were genetically engineered by extraterrestrials using

### Irony

How can anybody believe that a politician who fought feverishly to take Pro-Life sustaining healthcare access away from tens of millions of the neighbors we love as ourselves could ever be considered to be a Pro-Life Christian politician running for office? This, in my mind, only confirms their hypocrisy and ineptitude to serve in our government.

Pro-life does not end at birth, folks, sorry, it doesn't. Insist your politicians be more honest than hypocritical.

### Leave handicap spots to the handicapped

I frequently see cars in handicapped spots that don't belong there. You know who you

are.

I also see people in handicapped restroom stalls changing their clothes. This is especially bad at restaurants as servers arrive at work.

There are people who really need the parking space and the restroom stall. Please be thankful you don't need it and leave it for those who do.

### Stop ranting, start raving

Being a first time reader of this section, I was disheartened to find almost no one "raving". I literally shake my head when I read all the complaining and negativity people are spewing about government, political parties, plastic, two jobs and ends not meeting, gas prices, unbiased reporting, socialism, power plays and civilized humanity. We live in the greatest country the world has ever known at a time when science, technology, knowledge and information is exquisitely advanced and at our very bidding. All we need to do is touch a small screen! We

are free to go where we want, when we want, say what we want about whoever we want. Our beautiful country is a bounty of resources and opportunities like nowhere else on the planet. Our people are the quintessential "mutt" - more intelligent, genetically stronger with a steadfast heart and resilient nature!

I love our country with all my heart. We may not be perfect. We may not have it all together, but together we have it all!

### Keeping it local

Thank you so much for the Hometown News. I look forward to reading it every Friday.

It is wonderful to have a newspaper that addresses our community. Whenever I need or want something to do, I know exactly where to go thanks to the Hometown News.

I only wish you could run more of the calendar so I could make plans further in advance. But that is such a minor issue.

Keep up the good work.

# Choosing a Christmas tree

It's getting to the time when many of us will be decorating our trees for the holidays. A great alternative to an artificial tree and/or a live tree is a Norfolk Island pine. They are available at most retailers and come in several sizes. Some even come already decorated and ready to go.

The Norfolk Island pine does require a well-lit area of your home if you are going to keep it indoors for an extended period of time. These trees have distinctly flat branches and short soft needles. These trees thrive in humid environments which makes them right at home in Florida. The soil conditions for this tree should be on the moist side. A sure sign the tree is not getting enough moisture is when you start to see a lot of dead lower branches. The Norfolk pine does not regenerate its lost limbs or needles so it is important to stay on a steady watering schedule. If the tree is

GARDEN NOOK  
JOE ZELENAK

over watered, you will begin to see areas of bright yellow needles that fall off easily. To avoid this condition, be sure the plant is not standing in water. If you purchase a tree with foil wrap on it, be sure to slit the foil so water can drain from the pot. It is not recommended that the trees be pruned as the plant can lose its symmetrical shape. Most retailers will also include many other varieties of plants that are decorated and ready to enjoy.

If you are one of the many Americans who are buying a live tree this year, here are a few tips to help you with the process.

Since live trees in our area are trucked very long distances to their destination, picking out the freshest looking tree is extremely important. Make sure your tree is green with minimal brown branches. Check the needles of the tree and be sure that they are flexible and do not fall off when you brush the branches. Another good check is to bounce the tree lightly on the cut end to see how aggressively the leaves fall off the branches. Avoid trees that shed leaves aggressively with this procedure. Another point to consider is the location the tree will be placed. Be sure to get accurate measurements of the area so you can get a tree that is tailored to its location.

You have finally picked out your prize tree so now what's next? The most important task is to get your tree in its stand and located where it will spend the remainder of the season. If it has not been done at the place of purchase, cut off about an inch

from the bottom the tree before mounting in the stand. This will greatly aid the tree in absorbing water. Once the tree is mounted, be sure to add water immediately. The sooner all this is done the better.

Now it's time to decorate your new tree with all the goodies you have been collecting the past couple of weeks. Use caution when using lights especially if you use the larger C-7 type lights. As long as the tree remains moist and the needles pliable, the tree will not be a huge fire hazard. As the tree ages and you get near the end of the season, more caution is advised since the tree structure will become drier in nature.

Now that all the work is done, the time has come to sit back with your favorite beverage and enjoy your masterpiece!

## Art from Germany on display at VBMA

For Hometown News  
newsfp@hometownnewsol.com

VERO BEACH — The Vero Beach Museum of Art is featuring “Made in Germany: Art Since 1980 From the Rubell Family Collection,” now through Jan. 6, 2019.

Mera and Don Rubell are Miami-based art patrons who were instrumental in bringing the Art Basel art fair to Miami Beach. The exhibit includes approximately sixty works selected from over 500 objects of contemporary German art in the family’s collection.

The exhibition chronicles the period through cutting-edge painting, sculpture and photography from important practitioners of contemporary art.

During the post-World War II era, Düsseldorf and Cologne became leading centers for contemporary art. After the fall of the Berlin Wall, both Berlin and Leipzig also emerged as important contemporary art centers.

# 'Festival of Orchestras' announces its 2019 season

For Hometown News  
newsfp@hometownnewsol.com

The Indian River Symphonic Association's Festival of Orchestras has a most exciting 2019 musical season in store for Vero Beach. It will feature some of the most distinguished symphony orchestras from around the globe.

The concert series begins on Friday, Jan. 18 with a whirlwind musical tour of Europe— from waltzing On The Beautiful Blue Danube, to the exotic rhythms of Spain in Capriccio Espagnol by Rimsky-Korsakov. The Brevard Symphony Orchestra, under the masterful baton of Christopher Confes-

sore, will be performing these best-loved works along with the ever-popular Tchaikovsky's Piano Concerto No. 1.

The very next week, on Friday, Jan. 25, the famed Shanghai Opera Symphony Orchestra will be making its very first tour of America with its premiere performance in Vero Beach, featuring Berlioz' Symphonie Fantastique, Rossini's showstopper The Barber of Seville Overture, and the magnificent Butterfly Lovers' Violin Concerto performed by one of China's leading young violin virtuosos, Chen Yangyuetong. This concerto is the kind of music rarely heard in America, but it continues to be one of the most famous orchestral works in the Chi-

nese repertoire.

On Friday, Feb. 8, the annual "Pops" concert by the Brevard Symphony goes to the movies, and features the very entertaining pianist Rich Ridenour at the Steinway with memorable film music and themes from The Sting, The Pink Panther, Forrest Gump, Exodus, Superman and much more.

The Russian National Orchestra returns to Vero Beach on Thursday, Feb. 14 with a St. Valentine's Day concert of pure romance. Widely recognized as one of the most pre-eminent orchestras of our time, the Russian National will perform some of the Romantic Era's Greatest Hits by Rachmaninoff and Chopin, teaming up with the virtuoso pianist, George Li, who will perform Chopin's Piano Concerto No.1 in E minor. Winner of the Silver Medal in the 2015 International Tchaikovsky Competition, this 23 year-old superstar has been praised as having "staggering technical prowess" and an effortless grace beyond his years.

From Belgium, the Brussels Philharmonic comes to town on Tuesday, March 12, performing Ravel's haunting and beautiful waltz, La Valse, Dukas' ever-popular The Sorcerer's Apprentice, a glorious violin concerto by Max Bruch featuring world-famous violinist Nikolaj Znaider, and the enchant-

ing Bacchus et Ariane Suite No.2 by French composer Albert Roussel.

On St. Patrick's Day, Sunday, March 17, the Brevard Symphony Orchestra celebrates Ireland with the Gaelic Symphony by one of America's foremost composers, Amy Beach, Irish Tune from County Derry by Percy Grainger, and Dvorák's Violin Concerto in A minor performed by acclaimed American violinist Andrew Sords.

The Buffalo Philharmonic Orchestra will top off the season on Thursday, April 4 with a Vero Beach favorite, JoAnn Falletta conducting Selections from Romeo and Juliet by Prokofiev, Borodin's exotic Overture to Prince Igor, and the highlight of the evening, Brahms Piano Concerto No.2, featuring legendary pianist Fabio Bidini whose playing has been described as "an ideal alloy of power, poetry and style" and "bewitching."

All concerts in this series take place at The Community Church of Vero Beach, 1901 23rd Street, at 7:30 p.m. The ticket office is located on the 22nd Street side of the church and is open Monday through Friday from 9 a.m. to 1 p.m., and 2-5 p.m.

# Touring with the Townies

Kristin Webb and Steven Anderson (pictured) traveled from Vero Beach to Niagara Falls with their copy of Hometown News in August. Thanks for bringing us along!

Are you a fan of the Hometown News? Well, we are inviting you to take us along on your next adventure.

Each week, we will feature a different reader-submitted photo that showcases one (or more) of our Treasure Coast residents reading the Hometown News in a unique or exotic place. Whether you take a trip to the Grand Canyon or a cruise to the Bahamas, bring your Hometown News with you and have someone snap a picture.

Email your photo (at least 1 MB in size) to [news@hometownnewsol.com](mailto:news@hometownnewsol.com) and include your first and last name, the city you live in and the location/date of where the photo was taken. Type 'TOURING WITH THE TOWNIES' in the subject line.
