WOMEN'S EQUALITY DAY

FROM DEOMI

The women's suffrage movement began in 1848 at the Seneca Falls Convention in Seneca Falls, New York. Convened by suffragist leaders Elizabeth Cady Stanton and Lucretia Mott, the committee published a "Declaration of Sentiments." The declaration outlined key social, civil and political demands for women, helping the cause of women's suffrage gain national prominence. Nearly 72 years later, the 19th Amendment to the Constitution was passed Aug. 26, 1920, granting the women throughout the United States the right to vote.

In 1971, at the request of Representative Bella Abzug, the U.S. Congress designated August 26 as "Women's Equality Day" to commemorate the 1920 passage of the 19th Amendment to the Constitution.

Women first entered Naval service in 1908 with the establishment of the Navy Nurse Corps, 12 years before women were granted the right to vote. Women continued to serve in the Navy in varying capacities throughout World War I and World War II, but it was not until

June 12, 1948, with the passage of the Women's Armed Services Integration Act that women gained permanent status in the U.S. armed services. The first six enlisted women were sworn into regular U.S. Navy service July 7, 1948. Four months later the first eight female Naval officers were commissioned Oct. 15, 1948.

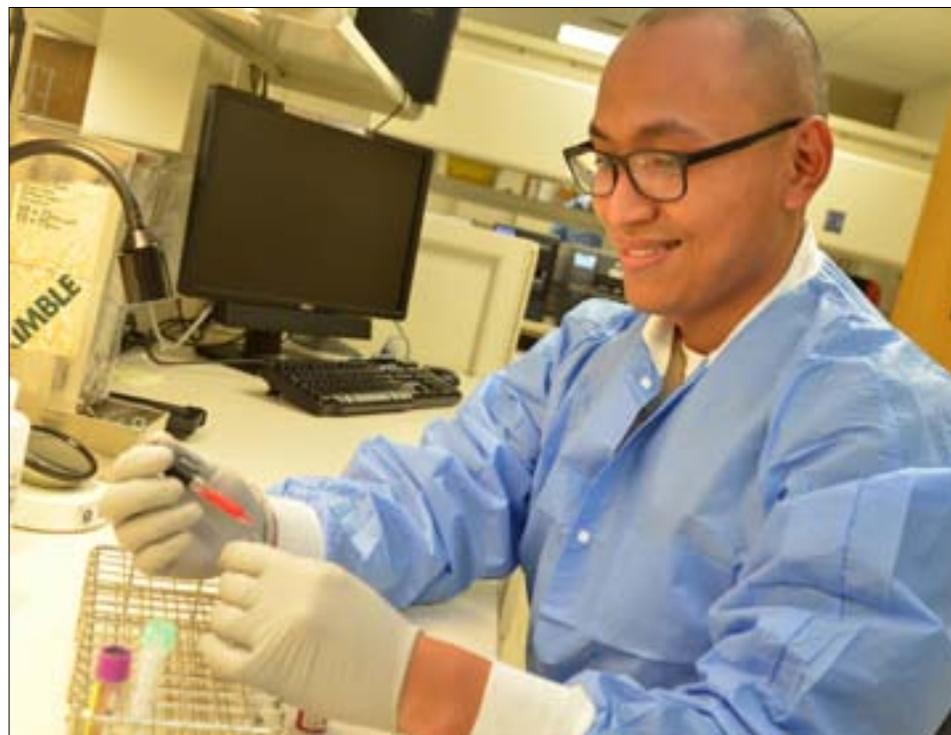

Women were first assigned to selected non-combatant ships in 1978, and opportunities were later broadened to include service on warships in 1994 following the repeal of the combat exclusion law. In April 2010, the Navy announced a policy change allowing female officers to serve on submarines. Today, 95 percent of Navy billets are open to the assignment of women.

This year's poster represents the many obstacles women have overcome throughout the years in the struggle for equality. The 1910 ladies lace-up style boot with Susan B. Anthony's quote "Men, their rights, and nothing more; women, their rights, and nothing less," coupled with a military combat boot and quote from the first female four star general, Army Gen.

Service members take a break for a singles retreat

BY LT. CMDR. SCOTT MASON

This past weekend CREDO South East conducted a Single Leadership Retreat for E-6 and below service members throughout the region.

Twenty-three of our finest service members from Navy, Marine Corps and Coast Guard all participated in what was the first annual Single Leadership Retreat in Key West.

The weekend consisted of team building character building and self-assessment of each individual. From activities such as Shocker-ball on the beach to ball field challenges, these young leaders were able to develop comradery as well as gain confidence in their own personal leadership styles. The following comment on the CREDO Southeast facebook page was from one of the participants that should encourage us all: "For the first time in a long time I can honestly say I'm excited to be back in my workplace with a new mindset and set of skills for leadership. Thank you so much CREDO! This weekend was amazing and I learned so much about myself and LEADERSHIP. Not to mention made some amazing new friends. Couldn't have asked for anything more." Thank you CREDO SE for leading this great event.

I hope that our single military personnel will look out for the next SLR coming to Key West.

Please visit our Facebook page (NAS Key West Chapel) for upcoming events.

New in-person training course for personnel administrators

FROM NAVY PERSONNEL COMMAND PUBLIC AFFAIRS

In an effort to improve pay and personnel transactions across the Navy, a new two-week course for Command Pay and Personnel Administrators (CPPA) launched July 30.

Announced in NAVDMIN 188/18, the two-week CPPA course is designed to train Sailors in the following ratings: personnel specialist (PS); yeoman (YN); yeoman (submarines) (YNS); Navy Counselor (NC); designated Sailors in commands with-

out a PS, YN, YNS or NC; and designated civilian personnel. Successful completion of the course results in Sailors being awarded the A16A Navy Enlisted Classification (NEC).

"The classroom course gives CPPAs a cohesive learning experience, letting them ask questions and have discussions," said Ann Stewart, assistant commander, Navy Personnel Command for Pay and Personnel Management. "This is an alternative to the existing computer-based training available through Navy eLearning.

While both learning tracks will result in Sailors obtaining the A16A NEC, the preferred path is through this newly developed C-school." The first new course's first class convened July 30 in Dam Neck, Virginia. Future courses will be taught at both Dam Neck and San Diego. Classes will have approximately 24 seats with 21 reserved for active duty and Full Time Support Sailors and three seats for civilians.

Future class dates and locations can be viewed in the Catalog of Navy Training Courses at <http://app.prod.cetars.training.navy.mil/cantrac/vol2.html>. For more information visit <http://www.public.navy.mil/bupers-npc/support/pay-pers/cpresources/Pages/default2.aspx>. For more information, visit www.navy.mil, www.facebook.com/usnavy, or www.twitter.com/usnavy. For more news from Navy Personnel Command, visit www.navy.mil/local/npc/.

screened now for colorectal cancer. Screening can find growths so they can be removed before turning into cancer. Screening can also find cancer at an early stage, when treatment often leads to a cure. If you have risk factors, you might need to be tested earlier or more often. Talk to your primary care manager.

P R E V E N T I V E HEALTH/2-2-2

Diabetes: If you have diabetes, see your health care team every three to six months for an A1C test. This checks your long-term control of blood sugar. Make an appointment with your PCM today. You can discuss strategies to manage diabetes at home, work, school, and while traveling.

Men: Talk to your PCM

about testicular and prostate cancer screenings, or other tests you might need.

Women: Cervical cancer: Prevent cervical cancer — with the right test at the right time. Starting at age 21, get a Pap test every three years. After turning 30, you have a choice. Get a Pap test every three years, or get a Pap and human papillomavirus (HPV) test every five years. Talk with your PCM about options.

Chlamydia: Most people who have chlamydia don't know it, since there's often no symptoms. It's the most common sexually transmitted infection in the U.S. Women under age 25 (and older women with risk factors) need chlamydia testing every year. Call or email your PCM to schedule a urine sample in our lab.

Breast cancer: Mammograms are the best way to find breast cancer early, when it's easier to treat and before it's big enough to feel. Starting at age 40, talk with your PCM about when to start and how often to get a mammogram. You have the choice to get an annual mammogram at age 40 and up. Talk to your PCM.

Children: Well-child check-up: Bring your child in for a check-up in the first month of life, and at 2, 4, 6, 9, 12, 15, and 18 months of age; and at ages 2, 2½, 3, 4, and 5 years. Check-ups track growth and development, prevent illness with immunizations, and answer your questions. Talk to your PCM about check-ups during the school-age years.
