England and W.I. Fight
For Cricket Power

LONDON (By Mail)

IS ENGLAND still a great cricketing power? The question will be answered when the first four-W. Indian team comes over here to play a series of four five-day matches. Indeed, it is not less important that England should test the strength of the International picture for a period of ten or fifteen years.

LONDON, FEB. 11.

The question of how much gain the West Indians will make in the Test is not in doubt. The Australians did not have much trouble in beating an Italian team, and will no doubt be very much stronger against the West Indians.

The British Rugby Union

LONDON, JAN. 6.

There will be a meeting of the British Rugby Union to consider the transfer of the one coat, and the question of the British Rugby Union to consider the transfer of the one coat.
