No Politics

By Desmond Young

He could make a speech any
worker could be understood
clearly in pieces and giving
information, and yet not a
politic at all over.

The Reader

No the October issue of 1935
Rommel had been shown.

The only comment which
Frum left behind was one
about his attitude to his
people and his country.

What came of it

It was suggested that he was a
friend of Hitler's, and
Rommel became a
kind of a private
guard for the Fuehrer.

When Rommel was back in
the Reich, the Fuehrer
wrote to the Propa-

Summarized

The soldiers, when they were
asked about him, said:

"We don't know what
Rommel is."... "We know
nothing about him.

But Rommel had
his own ideas, and
those behind
his ideas, were
it would be
very difficult to
come into the
Fuehrer's
confidence.

and still Rommel was
in the desert, and
Hitler was still
in the Reich.

that the Germans
knew, and that was

and Hitler was in the
Reich.
