IN MEMORIAM

DeHARTE—In Loving memory of our dear Mother CAROLINE DeHARTE who departed this life on April 18, 1951.

"In tears we saw her sinking
And watched her fade away.
God knows how much we missed her—
Even now, two years today.

● From page 1

China was already engaging in Korea with the maximum power it could commit and the Soviet Union would not necessarily mesh its actions with United States moves.

Any "new enemy" would be more likely to strike when it felt its relative advantage power was on a world-wide basis.

The tragedy of Korea was heightened by the fact that military action was confined to its territorial limits, while the bases from which aggressors worked were protected sanctuaries.

The General said the hopes and dreams he had held when he joined the Army 52 years ago had long since vanished.

Recalling an old barrack room ballad "old soldiers never die, they just fade away", he added: "Now I just fade away—an old soldier who tried to do his duty as God gave him to do it. Good Bye."—Reuter.

Bowater Paper Corp

Consolidated net profit of Bowater Paper Corp. Ltd. and subsidiaries for the latest fiscal year showed a substantial increase over the 1949 comparison, company's report reveals. Consolidated profits on trading stood at £5,395,488 as against £3,693,202 in the previous year, with the larger part attributable to earnings of overseas subsidiaries.

Subject to certain factors, particularly those relating to raw materials and coal, and to the many unpredictable factors inherent in the present international political and economic situation, directors are of the opinion that the outlook for both the home and overseas activities of the organization would on the whole continue to appear not unsatisfactory.

Bowater's Profits Show Increase

Profit on trading and miscellaneous revenue of Bowater's Newfoundland Pulp and Paper Mills Limited for the year ended September 30, 1950, showed a sharp gain at $7,916,972 as against $5,269,576 but net profit was slightly lower at $2,577,710 against $3,086,131 due to sharply higher depreciation, a total of $2,828,000 was provided against $1,080,000 and the first provision for taxation, $1,077,000. Production of newsprint was at a higher level than previously, mainly as a result of the improved operation of the new plant installed in 1948. The export sulphide mill resumed operations in April 1950 and has since been working to capacity.
