Cotton For All Occasions

By DOROTHY HARKLEY

Cotton—so soft, so cool, so comforting...this is the thought of every woman's mind, as she prepares to give her skin its tender treatment. But did you know that through your hands, the tenderness of nature's gift is transferred to your skin? Cotton is the answer to the problem of softness and comfort. Its use is not merely cosmetic; it is the first step towards health. It is the first step towards health. The skin is a reflection of the body's health. If we are to keep our skins healthy, we must first keep our minds healthy. Cotton is the answer to the problem of softness and comfort.
