Christmas Concert in Sunny Hills

SUNNY HILLS — Harmony Shores Chorus, the Panama City Chapter of Sweet Adelines International, will present its annual Christmas show, "The Sounds of Christmas" at 6:30 p.m. Saturday, Dec. 14, at St. Theresa's Catholic Church. Guests are invited for an evening of song — four-part a cappella harmony style. This year's show also will feature the Gulf Tones, Panama City's men's barbershop chorus, and Mixed Company. Refreshments will be served after the show, and admission is free (donations welcome). St. Theresa's is at 2056 Sunny Hills Blvd.

Holmes County Public Library celebrates 40 years

BONIFAY — The Holmes County Public Library invites the community to celebrate the library's 40th anniversary from 11 a.m. to 2 p.m. Thursday, Dec. 12, at the Holmes County Public Library Annex.

The celebration will start with a few words from County Judge Colby Peel followed by a ceremony of dedication for the library's Viva Florida Time Capsule and will end with refreshments and fellowship.

FDOT reveals 5-year plan

By CECILIA SPEARS

CHIPLEY — Washington and Holmes Counties were two of many counties discussed as the Florida Department of Transportation had its annual meeting on the tentative work program for fiscal years 2015-19.

The meeting was Tuesday, Dec. 3, at the FDOT District 3 office in Chipley.

"We're gathered here today to review the five-year work plan for fiscal years 2015-2019, which remains tentative until July 15," said Jacqueline Paramore, statewide Title VI administrator for FDOT. "The budget remains at $3 billion, just like last year, and 2017 has an enormous spike and that is related to the replacement of the Pensacola Bay Bridge, also known as the three-mile bridge. This project will cost $500 million to replace, which goes to show that one project can make a significant change."

Paramore reviewed the summary of changes made recently to Holmes County's plans.

"For Holmes County, there are a lot of bridge replacement projects underway," Paramore said.

Those listed for bridge replacement are Riddick Mill Road over Unnamed Branch Bridge, Jones Loop over Pine Log Creek Bridge, Whitaker Road over Lighter Snag Creek Bridge, Hicks Road over West Pittman Creek Bridge, Valee Road over Blue Creek Bridge and Hicks Road over West Pittman Creek, Bridge Number Two.

There is also a bridge rehabilitation scheduled for State Road 20 over Lafayette Creek Bridge.

"There will be a Project Development and Environmental study of State Road 79 from State Road 8 to the Alabama line," Paramore said. "For those of you who are local you are aware of Project 79, where

Subdivision developers seek progress report

BONIFAY — Attorney Brandon Young came before the Bonifay City Council during Monday's meeting as legal representative of a subdivision that might be developed on Griffith Circle in Bonifay.

"As a representative, I would like to request the requirements needed to present the plat for approval," Young said.

Tony Syfrett with Southeastern Surveying and Mapping Corporation came before the council during their Nov. 25 meeting with designs for a subdivision on Griffith Circle off of State Road 79 in Bonifay, saying he was told the subdivision was approved of in 2008.

Grant Writer Bob Jones said the council needed some clarification of what was approved in 2008 before they could approve of anything and move on, which after much discussion was approved to be tabled until further review

Emergency services donate $2,000 to Toys for Tots

By CECILIA SPEARS

BONIFAY — Bonifay Fire and Rescue and Holmes County Emergency Management Services teamed up this year for the second annual presentation of $2,000 to the Toys for Tots fundraiser arranged though Bonifay Elementary School's Christmas Angel Program on Dec. 5 at BES.

"We've been doing little fundraisers here and there for our local children for many years, and because it wasn't very organized and some issues with discrepancies, we partnered with Bonifay Elementary School two years ago," said Bonifay Fire Chief Shay McCormick. "They have a better grasp at what children need, and we're just happy to help."

This is the first year with the Holmes County EMS helping raise funds, and both emergency groups stood at the intersection of State Road 90 and State Road 79/Waukesha Street, raising the $2,000 with a boot drive.

"It was pretty emotional because we'd have people in Bentleys just drive on by, and then we'd have families in vans scrapping for change and giving all they can," McCormick said. "We've been touched by the generosity and kindness of our own."

Laura Sims of BES' guidance department said the money would be used to help 70 children.

"The generosity of those who gave and the hard work from our lo-

cal EMS and fire department has made a really big difference in the lives of these children," Sims said. "For some children, this will be the only Christmas they may see."

BES Principal Rodd Jones thanked the community for its contributions.

"We are blessed to belong to such a loving and generous community where they treat these children as though they were their own," Jones said. "There are so many children who won't be able to have a Christmas, but thanks to the kindness and generosity of those within this amazing community, these children will be able to have a Christmas."

could be made.

Young said the preliminary plot was approved of in 2008, and construction had started and roads were paved; however, because of the economy, the company fell apart and the project "fell by the wayside."

"Everything was done to state standards," Young said. "The roads were at Department of Transportation standards, there's a holding pond, the water lines have been pressure tested and there are no lots less than half an acre just in case they want septic there."

City Attorney Lucas Taylor said several steps needed to be completed before a plat could be presented to the council.

"There were a few things missing," Taylor said. "For instance, there is a spot for certification verification to be double-checked, and it was unsigned; a title search for the plat must be signed, and it wasn't. It's just a few things needed before it could be admitted into public records."

Young agreed to have the document reviewed and resubmitted with all the appropriate details attended to.

Robert Wesner with Dixie Youth basketball came before the Council to discuss possible times teams can practice at the Bonifay Recreational Center.

The council agreed to check the schedule and discuss with him all the available days.

The council also approved of deeding an alleyway to Robert Urquart, landowner of the surrounding property.

"The issues that come are primarily with two landowners; however, in this case it is one owner that owns both sides of the land," Taylor said. "Because he has utilities all around his property there are no concerns with him land-locking anyone."

The council agreed to Council Member Richard Woodham's request to place a timer on the lights at the basketball court next to Veterans' Memorial Park, so the lights will come on at dark and shut off at 10 p.m.

"There are guys who'd like to go out there and play, but it's getting awfully dark awfully quick nowadays," Woodham said. "I think one well placed timer could work for all them lights."

Because of the Christmas holiday, the City Council approved canceling its Dec. 23 meeting. The next scheduled meeting will be at 6 p.m. Jan. 13.

we've planned and have been funded for the widening of State Road 79 to the interstate, now we're advancing it to the Alabama state line."

Other proposed projects include a resurfacing project for State Road 2 from County Road 177 to Ten Mile Creek; a Small County Outreach Program to repave Thomas Drive from State Road 79/Waukesha Street to the Washington County line and for Deacon Road from County Road 173/Jenkins Road to Sandpath Road; a Small County Road Assistance Program to repave County Road 183A from County Road 10A to the Walton County line; and a Transportation Regional Incentive Program to overlay the runway at Tri-County Airport.

"For Washington County there will be several projects to widen and repave roads to include adequate right of way," Paramore said. "These projects' funding will be spread out over the course of 2015, 2016 and 2017."

These projects include State Road 77 from the Bay County line to north of Country Road 279; State Road 77 from north of County Road 279 to the north Sunny Hills entrance; State Road 77 from the north Sunny Hills entrance to one mile south of Wausau City limits; and State Road 77 from north of County Road 279 to the north Sunny Hills entrance.

"We have a lighting project because we still don't have lighting at State Road 8 off of I-10, which is the Caryville exit," Paramore said. "We also have a Project Development and Environmental Study for State Road 77 from North of Blue Lake Road to the Jackson County line, and that is the beginning study for 2018, which started in 2006 for a possible bypass alternative."

There are resurfacing projects for State Road 20 from the Walton County line to the Bay County line and State Road 77 from South of State Road 8/I-10 to Fifth Street and a Small County Rural Assistance Program to pave Shakey Joe Road from end of pavement to County Road 284/River Road.

"Chipley Sidewalks Phase II is a combination of two different projects, where all work will be done under this one project," Paramore said. "This includes Sinclair Street from County Road 273/South Boulevard to Forrest Drive and Third Street from Pine Avenue to County Road 273/South Boulevard."

There is a Transportation Alternative project for sidewalks on Pine Avenue from Usery Road to Third Street.

"This is where the city will manage the project and then be reimbursed," Paramore said.

AFSOC civilian retires after 42 years of service

By CAPT. VICTORIA PORTO
Air Force Special Operations Command Public Affairs

HURLBURT FIELD — Forty-two years after Bill Rone began his accounting job at Eglin Air Force Base, he celebrated his retirement at Hurlburt Field on Nov. 21, as a member of the Senior Executive Service and Air Force Special Operations Command's director of financial management and comptroller.

BILL RONE

The former University of West Florida cooperative education student said when he applied for that job years ago, he never imagined it would take him so far in a career as an Air Force civilian.

"I was working my way through college when I saw the advertisement for the Armament Development and Test Center on the placement office bulletin board," Rone said. "It's just that simple. I had to eat."

Rone's dedicated work ethic and talent for all things budget and finance helped him move quickly through the ranks.

At 28, he was promoted to director of programs and budget, in charge of a $2 billion budget. And in 1983, he graduated from the Industrial College of the Armed Forces, where he said his classmates referred to him as the "class baby." The six years he was budget director, Eglin's comptroller office was selected Air Force Systems Command's Comptroller Organization of the Year each year.

He went on to become the deputy comptroller at Warner Robins Air Logistics Center, Ga., and later the comptroller, programmer and chief information officer at the Naval Aviation Depot in Pensacola, before being hand-picked for his dream job working with the newly created AFSOC headquarters in 1990.

"If you're a financial manager, why would you want to be anything other than a comptroller for special ops?" he asked, smiling. "When I got here, I was the happiest person to ever come through the gates. I just committed to be the best teammate and do the most I could for the command."

That commitment and positive attitude continued to shape not only his personal development and career, but the culture of the AFSOC financial management office and the development of those who worked with him.

"He always challenged us to do our best, to do more and try to be a better person every day," said Annette Beard, AFSOC deputy director of financial management, who started working with Rone in 1991.

Under his mentorship, 65 percent of his team have completed their master's degrees, 70 percent have completed professional military education, 74 percent have earned professional certifications, and six have gone on to become major command-level comptrollers or deputy comptrollers themselves.

But the Bonifay native does not take credit for their successes, or the success of his organization, which has won the U.S. Special Operations Command Outstanding Financial Management Organization Award every year for the last decade.

"Everybody feels like they're part of the team, and we're a very successful team," he said. "But is it me? No, it's the team."

In Rone's 23 years with AFSOC, he executed $20 billion in support of the mission, the Air Commandos and their families.

"If there's one person who's touched the lives of every Air Commando — past, present and future — it's Bill," said Lt. Gen. Eric Fiel, AFSOC commander. "We will miss his compassion for our people, and how he always set them up for continued success."

Rone said he's looking forward to spending more time with his family, working out more and maybe even learning golf.

But first, true to his legacy as an amazing mentor, he offered parting advice for future success and leadership.

"You have to commit yourself emotionally, intellectually and physically," he said. "And work like a dog."

Sensible sentences

Illegally possessing or selling as few as seven pills of hydrocodone is enough to land someone a three-year mandatory minimum sentence in Florida.

Among all the harsh and wasteful drug laws in this state, laws involving prescription painkillers might be the most egregious. State law treats painkillers such as hydrocodone and oxycodone like heroin, determining sentences based on weight.

The law was meant to lock away dealers hauling truckloads of illegal drugs, but instead has filled prisons with nonviolent addicts. Thankfully, state Sen. Rob Bradley has introduced a bill that would create more reasonable sentences for low-level offenses involving prescription painkillers.

The current law helped cause the number of convictions for trafficking in opioids to quadruple over a five-year period to 1,200 in fiscal year 2010-11, according to the state Office of Program Policy Analysis and Government Accountability.

Ninety-three percent of those cases involved prescription painkillers, the office found from a sample study. More than half of individuals sentenced for hydrocodone offenses were arrested with fewer than 30 pills. One quarter were arrested for fewer than 15 pills.

These are hardly seasoned criminals. Eighty-five percent of the offenders had never been convicted of a violent offense, the analysis found. Nearly three quarters had never been in prison before.

The bill co-introduced by Bradley, a Fleming Island Republican whose district includes Alachua County, would remove prescription painkillers from the section of the law that includes punishment for dealing heroin and other opioids.

While the measure is still being tweaked, it would essentially increase the weight threshold required to trigger mandatory minimums for selling or possessing prescription painkillers. Judges would again have discretion in offenses involving small numbers of pills.

The change would result in the need for 595 fewer prison beds by fiscal year 2017-18 and save anywhere from $21 million to $61 million over five years, according to a legislative analysis of a previous version that failed to pass last session.

Bradley deserves credit for helping to start tackle the thankless task of reforming the state's senseless drug laws. While there is much more work to be done in eliminating mandatory minimums for low-level offenses, his measure is a reasonable first step that should even attract the support of law enforcement officials.

Small businesses offer choices in Bonifay

HAPPY CORNER
Hazel Wells Tison

Recently, I attended the ribbon cutting sponsored by the Holmes Chamber of Commerce of a new business. Whatchamacallits and Dohickeys opened its doors to the public last week. Located east on Brock Ave. at State Road 79 in the former workshop of Joey Ross, the business offers a variety of stuff, antiques, collectables, gifts, furniture, clothing both upscale used and some handmade.

Sandra Krouse came to Bonifay from Virginia Beach, Va., where she has lived for most or her adult life, but she grew up in Chipley, where she graduated high school in 1979. She worked in real estate and had operated a shop in Virginia for a time, but she also had a stall in an antique mall. Family changes caused her to move closer home. Her sister, Kathy York and a brother, David Krouse live in Bonifay. Sharing her home also are Gizmo, her dog, and a kitten she rescued since coming here.

She is excited about being here and looks forward to getting to know more people and getting her business up and running. Though land values are lower here, she finds living expenses such as groceries and gasoline higher than where she came from. We wish her the best and trust that her excellent location will bring lots of customers her way.

Small Town Pride is another small business that has opened along State. Road 79. Located just south of the U.S. 90 traffic light in the Fish building, Tangie Hathaway has opened her shop of used furniture, antique and collectables. She also has a line of used clothing, shoes, purses, plus dishes, etc. (very similar to Whatchamacallits.) She said purses and shoes have been her best sellers along with dining room furniture. She avoids buying items from individuals but attends auctions and closeout sales.

Washington County native passes away

Estelle Hewett Scott, Washington County native, passed away in Panama City on Nov. 20 after a relatively short illness. Estelle was my neighbor and friend all through our early years and my classmate in the Vernon High School Graduating Class of 1944. She was born March 19, 1927, to Claude Hewett and Verdie Haddan Hewett, and Perry Wells was born Aug. 24, 1927 to Hugh Wells and Marie Harris Wells, thus Estelle has always been in my life.

PERRY'S PRATTLE
Perry Wells

Estelle was described by her children as one who "loved, attended and enjoyed every family reunion." "She loved her family and friends unconditionally and did not care who you were, nor what you did, she looked at the positive side."

She attended Union Hill School in her elementary years, where she completed the seventh grade before entering Vernon High School in the eighth grade in 1939. My first seven years of schooling was at Brackin School. I, too, enrolled in Vernon High School, along with Estelle, in the eighth grade. We were both 12 years old at the time.

As we were accustomed to the small school atmosphere, we were "lost" in the larger school setting, possibly accounting for a "bonding" in addition to being life-long neighbors.

The Hewett Family lived on the east side of Cooks mill pond. Their home area was known as Hewett Hill, where the grandparents, Dave and Genia Leavins Hewett, lived at the crest of the hill where nine children were born and reared. That area is still heavily inhabited with succeeding generations of Hewetts.

My family lived on west side of Cook's mill pond, also on a hillside. My grandparents, Tom and Hannah Brock Wells, reared their six children there. My parents, Hugh and Marie, reared eight children, and an uncle and aunt, Alex and Arleva, reared a total of 12 offspring.

In dry weather, one could walk across Cook's mill pond, and this was done frequently in the exchange of visits with the Hewetts.

One incident involving Claude and Verdie Hewett sticks vividly in my mind. In the late 1930s, our dad purchased a radio for his pick-up truck. That night, the Wells family drove over to the Hewett home to show off the new purchase. The usual call of "Y'all get out and come in come in" greeted us upon arrival. Daddy replied "No, y'all come out here." He showed his new radio, the first in our lives, and something we shared and enjoyed for years.

A story told by Estelle's mother was that soon upon her marriage, she accidentally allowed her first baking of biscuits to burn to a crisp on the wood burning stove. She admits slipping the burnt items into the back yard where they were buried. She returned to the kitchen, started anew on the biscuit and had them just right when her husband came to the house for breakfast after doing the chores at the barnyard.

I recall her delicious biscuit when our family would be enjoying a meal with the Hewetts. To accompany the biscuit, a big mouth gallon jug of freshly canned blackberries would be opened, poured into a large bowl, sprinkled liberally with sugar and served with the piping hot biscuits. This combination made a quickly prepared and delectable blackberry cobbler.

On Dec. 8, 1941 Estelle and I sat in the full assembly of Vernon High School students after we had been called together by principal, Mr. R. E. Upon Sr. This was the day following the Dec. 7 attack on our U. S. Navy Ships harbored at Pearl Harbor. A radio, borrowed by Mr. Upon, delivered the speech, at full volume, of President Franklin D. Roosevelt addressing the full congress requesting that war be declared against the Japanese Empire. This marked the beginning of World War II. Estelle and I were 14 years old and in the 10th grade.

The male members of our class, plus other young males in the higher grades, began to enter the U. S. Military Service in great numbers. By graduation day, April 20, 1944, our class had been reduced from 39 to 29, with only six boys in that number. I was elected President of the Class, and Estelle was named

Commissioner clarifies quote

Dear Editor,

In a Nov. 26, 2013, article titled "County Commissioners vote to keep health care premiums the same," I was quoted at the end of the article saying "I've had phone calls from a few employees asking about pay bonuses," Commissioner Lynn Gothard said. "Now, David, you can tell them they just got it." The statement was recently referred to on social media as "tasteless, un-professional and un-called for."

Taken as a stand alone statement I have to agree with the social media opinion. That statement was a result of my extreme frustration of dealing with an insurance provider who at the last minute increased the county insurance premiums by $172,790. We had previously been informed there would be minimal or no increase for next year, and this increase was not built into our current budget.

It is disappointing to me that the increase effectively thwarted any chance that employees may see an end of the year work incentive payment. Voting to pay the increase in insurance premiums for our employees was the right thing to do. I apologize for my choice of words. I have always and continue to appreciate and acknowledge the hard work of our county employees.

Lynn Gothard

She does accept donations.

Tangie grew up in Caryville as Tangie Harrison and attended the old Caryville School, which was located on the south side of U.S. 90 opposite the entrance to Arnold Lumber Company. She is married to James Sanders and has one grown child and two middle school children who attend BMS. Owning her on shop has always been a dream of hers, and she is excited to be in Bonifay. Her hours are 8 a.m. to 4 p.m. Monday through Friday and 9 a.m. to 4 p.m. on Saturday. Her phone number is 334-791-1161.

The third business that has opened lately is also located along State Road 79 at 910 N. Waukesha St. Heavenly Hair and Boutique opened a couple of weeks ago in Pepper Town across from Piggly Wiggly. Three young women hairdressers, Tara Alford, Summer Daniels and Emily Segers are the proprietors with Ashley Barton, another hair dresser, joining the force. They offer a complete line of beauty services: cuts, color, perms, shampoo and style, spray tans and waxing for the whole family. They also offer styling for special occasions such as weddings, proms and pageants and make up parties for little girls. The make-up specialists are Emily and Summer.

In addition to the beauty services, they also offer massages with therapist Lori Serpas who formerly worked with Dr. Stan Owens.

The Boutique is owned and operated by Danielle Gay who is fulfilling a dream of owning her own shop. She features fashions for young women of all ages in Misses sizes now, but expects to add some plus sizes before Christmas. She also has jewelry, scarves, and purses.

My congratulations to these young ladies who have made this important step in their lives. I have enjoyed watching their enthusiasm as they have set up and decorated their new quarters. Their hours are from 8 a.m. until. The phone number is 768-1075.

Secretary/Treasurer. She was also honored as "Most Athletic" and "Class Historian." Her sport was basketball, and Mr. Howard Bruner served as coach to both the boys and girls, in addition to his other teaching duties. Estelle had leading parts in our Junior and Senior Class Plays.

On April 20, 2000, at the giant, combined 10-year joint Vernon High School Class Reunion, a printed program was printed in order to pay for the gigantic event. Estelle came up with the old programs from our junior and senior plays, explaining that her mother had kept them stashed away through the years.

On Aug. 5, 1944, Estelle's parents were blessed with twin sons named Larry and Gary, who joined Estelle and Preston to complete the Claude and Verdie Hewett family. Larry, and wife, Denna, reside in Ocala. Gary and wife, Janice, live in the Hewett Hill community.

Estelle married Astor F. (Dick) Scott on Nov. 2, 1946. He had recently been discharged from his war time service in the U.S. Navy. The marriage came just after he had re-enlisted into the U. S. Air Force. She traveled with him in many of his ensuing travels while rearing the children, Douglas Scott and Kathryn Scott Samson. Dick retired from the Air Force in 1964. They enjoyed a host of grandchildren and great-grandchildren.

Estelle was described by her children as one who "loved, attended and enjoyed every family reunion." "She loved her family and friends unconditionally and did not care who you were, nor what you did, she looked at the positive side."

The funeral service was held at Kent Forest Lawn Funeral Home on Dec. 5, with burial in Evergreen Cemetery. The Rev. J. E. Hodges presided. The Prattler was invited to deliver the eulogy as a representative of the Vernon High School Class of 1944.

Estelle becomes the 29th class member to be lost in death. All are greatly missed. Our love and condolences are extended to each family member.

See you all next week.

Gulf Power sending team to assist in Texas winter storm

Special to Times-Advertiser

CHIPLEY — Gulf Power Company is joining other utilities by sending a storm team of 74 employees to assist Oncor with restoration as a winter storm is expected to bring ice and wind to the region.

Oncor, the host utility, serves 10 million customers in the Northeast and west-central Texas areas and covers all expenses incurred by the supporting utilities. The crews will be restoring power in the Dallas area.

The storm team includes 52 line personnel and 22 support personnel who will leave in convoys Thursday morning from Pensacola, Crestview and Chipley.

"Our crews are experts in restoration and are often called upon to help in the wake of these devastating storms," said Jeff Rogers, Gulf Power spokesperson. "They're battle-tested and ready."

The last time Gulf Power crews were called on to help during a winter storm, they experienced very similar conditions.

"Our last winter storm trip was to the areas affected by Hurricane Sandy in the Northeast last year, so working in wintry conditions is fresh on our minds," Rogers said. "This experience helps our crews keep their skills sharp — it's a great value for our customers and means faster restoration right here at home."

Gulf Power Company is an investor-owned electric utility with all of its common stock owned by Atlanta-based Southern Company. Gulf Power serves more than 430,000 customers in eight counties throughout Northwest Florida. The company's mission is to safely provide exceptional customer value by delivering reliable, affordable and environmentally responsible electricity while strengthening our communities. Visit online at GulfPower.com or on the company's Facebook page, "Gulf Power Company."

LBWCC students pledge to complete degrees

Special to Halifax Media Group

OPP, Ala. — Statistics show the surest way for anyone to land a job in his chosen field is to finish college and earn a degree or certificate, and that's exactly what students at Lurleen B. Wallace Community College promised to do at the recent "Commit to Complete" event.

Bridgett Landers of Westville, a nursing student at LBWCC in Opp, Ala., was among the students who learned how the United States has fallen from first to 16th among the 34 industrialized economies in the world when measuring the percentage of citizens having earned a college credential or degree and the effects that has on national security and democracy in general. They also learned that within five years, 65 percent of all new jobs will require a postsecondary credential.

Those are only two of the reasons students gathered to sign a mass pledge to complete their associate degrees or certificates before leaving community college for transfer or to enter the job market, part of a national movement sponsored by Phi Theta Kappa International Honor Society.

At the recent event, hosted by the Alpha Beta Eta chapter of PTK, administrators, faculty and staff also signed the pledge, committing themselves to do whatever they can to facilitate completion of student credentials.

SPECIAL TO HALIFAX MEDIA GROUP

Bridgett Landers of Westville, a nursing student at Lurlene B. Wallace Community College in Opp, Ala., signs the pledge banner to complete her degree or certificate.

"It is vitally important to your future to complete a college credential," LBWCC President Dr. Herb Riedel told the group. "Even if you plan to transfer, complete your associate's degree first. Then, in case you are faced with a sudden, unexpected need to enter the workforce, you will have a better chance to find employment than those without a credential."

PTK members are serving as the student arm of the Community College Completion Challenge, a national education initiative. Three years ago, leaders of six national organizations representing the nation's 1,200 community colleges signed The Call to Action, a pledge to increase student completion rates by 50 percent over the next decade. PTK was the only student organization asked to participate and launched the Community College Completion Corps in response. Learn more at www.cccompletioncorps.org .

At the 2010 White House Summit for Community Colleges, President Barack Obama called for community colleges to produce an additional 5 million degrees and certificates in the next 10 years, part of a goal to restore the United States as the world's leader in college graduates.

Students who complete their degrees or certificates will earn an average of $500,000 more over the course of their careers than their peers who did not complete. In addition, individuals with credentials are less likely to become unemployed than their co-workers who did not earn credentials.

Gulf Coast Medical Center announces name change

PANAMA CITY — Gulf Coast Medical Center announced on Monday its plans to change its name to Gulf Coast Regional Medical Center.

As part of the regional strategy, Gulf Coast Regional Medical Center has formed clinical affiliation partnerships with Northwest Florida Community Hospital in Chipley, Doctors Memorial Hospital in Bonifay, and Jackson Hospital in Marianna. Through the affiliations, Gulf Coast Regional Medical Center can partner with rural hospitals to provide state-of-the-art services to the residents that live in those wonderful communities.

Additionally, Gulf Coast Regional Medical Center has partnered with InTouch Health, providing 24/7 telemedicine stroke care to patients across North Florida. This program allows physicians to provide real-time audio/video consultations, at the patient's bedside, with a moment's notice from anywhere in the world. By receiving immediate access to a Board-Certified Neurologist, and prompt treatment, brain function can be saved.

In October, the hospital unveiled a new 42-bed critical care wing that includes a 20-bed adult-level Intensive Care Unit, an 18-bed NICU and a four-bed PICU. The ICU capacity was increased by eight beds and it contains all of the latest equipment needed for the delivery of evidence-based care, while focusing on the patient and providing a family-centered approach to care. The NICU expanded from a 10-bed Level II unit with the capacity to provide Level III care in January 2014.

Trenton stymies Blountstown for state title

By BRAD MILNER

MATT STAMEY | Gainesville Sun

Trenton Tigers running back Melvin Adams fumbles the ball as he's hit by Blountstown defender Anthony Wyrick during the first half of the Class 1A state championship on Friday.

ORLANDO — Blountstown's winning formula was neutralized by Trenton on Friday.

It was Trenton that was more dominant on defense and it defeated Blountstown 14-0 for the Class 1A state football championship at the Citrus Bowl.

Top-ranked Blountstown was shut out for the first time since Aug. 31, 2012, in falling to 13-1. Trenton, ranked fourth, won its first state title a year after finishing second and improved to 12-1 with its 11th consecutive victory.

Trenton reversed the trend exhibited in Blountstown's playoff run. Trenton's defense kept Blountstown in check with two early sacks and it controlled the second half. Blountstown couldn't maintain its dose of tough, grinding offense coupled with a punishing defense in its first state final appearance since 2004.

Blountstown's defense remained difficult to penetrate, but its offense was inefficient. It gained only 142 yards on 54 plays and nearly had as many penalty yards (136) with 14 flags. Blountstown also had been winning the turnover battle in recent weeks, but had three on Friday, the same number as Trenton.

Blountstown couldn't gain any traction in the first half against a quick and athletic Trenton defense. Blountstown was forced into punts on its first five possessions and didn't record its initial first down until six minutes before halftime on a 25-yard pass completion between Dylan Lee and Hunter Jordan.

The first down came on Blountstown's seventh possession and second-longest drive of the game, six plays for 30 yards. It also ended in a punt. Jordan unleashed a 62-yarder to pin Trenton at its 3-yard line. Blountstown lost a fumble by Fabian Solomon to end its sixth possession.

Trenton punted on its final two possessions and also had three turnovers in the first half. Hamp Cheevers lost the ball inside the Blountstown 10 on his second and final reception of the game. Cheevers had 102 of Trenton's 114 total yards in the first 24 minutes. Trenton had four first-half punts to go along with its three fumbles.

Cheevers opened the scoring with a 54-yard touchdown catch from Stephen Smith late in the first quarter on third-and-14. It was the first points yielded by Blountstown in the opening quarter this season. Trenton had only 1 yard on nine other plays from scrimmage in the quarter.

Blountstown's best chance for an answer in the first half started at the Trenton 38 following a punt. Blountstown moved to the 31 for fourth-and-2, but Shon Peterson was stopped for a 7-yard loss on his first carry of the game.

Trenton capped the scoring when Micheal Smith returned an interception of Jordan 35 yards for a touchdown with 6:27 to play in the third quarter. Micheal Smith grabbed one of three completed passes by Stephen Smith. Cheevers added a long rush and finished with 124 total yards.

Trenton was held to 199 yards and six first downs. It also was penalized eight times for 104 yards. Lee and Jordan combined to complete 4 of 11 passes for 63 yards and two interceptions.

Blountstown leading rusher Alex Mayorga was limited to 18 yards on 11 carries. Ja'Vakiel Brigham led Blountstown with 30 yards on nine carries. Brigham also paced the defense with eight tackles, seven solo, while Dewayne Laramore had seven stops and Corin Peterson five.

Melvin Adams gained a game-high 38 yards on the ground and Jacquez Powell added 31 for Trenton. Stephen Smith passed for 110 yards on three completions.

cspears@chipleypaper.com

CHIPLEY — The Holmes County Lady Devils overcame the Lady Tigers in girls' basketball Monday night with junior varsity winning 42-7 and varsity 54-44.

Holmes County junior varsity came on strong in the first period, ending it with a score of 15-0.

Lady Tigers managed 2 points before the end of the second period but was unable score again, ending the third period with a score of 34-2.

The Lady Tigers pushed aggressively forward, but the Lady Devils proved to be too much, ending the junior varsity game with a score of 42-7.

The varsity Blue Devils were overcome the first period with a score of 15-13 but regained their footing against the Lady Tigers, ending the first half with a score of 30-24.

The Lady Blue Devils continued strong ended the third period with a 41-33 and after strong retaliation from the Lady Tigers still managed to overcome ending the game with a score of 54-44.

Next, the Lady Blue Devils face off against the Lady Atomics of Poplar Springs High School with a time to be announced at Poplar Springs High School.

The Lady Tigers will be facing off against the Lady Gators of Baker High School at 5 p.m. for junior varsity and 6:30 p.m. for varsity on Thursday, Dec. 12, at Roulhac Middle School gym until construction is complete at the Chipley High School gym, with an estimated date of completion around mid-December.

First Federal Bank contributes to Holmes County 4-H

SPECIAL TO TIMES-ADVERTISER

Wesley Whitaker, from left, First Federal Bank of Florida VP Bonifay Financial Center Manager, presented a check for $1,000 to Judy Bowdish and Denise Middlebrooks Holmes County 4-H volunteers, Nicole Crawson Holmes County 4-H Agent, and 4-H youth participants recently.

Special to Times-Advertiser

BONIFAY — First Federal Bank of Florida proudly announces the completion of the Holmes County 4-H Community Rewards Program. First Federal Bank was able to donate $1,000 to the Holmes County 4-H through customer participation in the program.

The donation will be used to help support ongoing programs. The purpose of the Holmes County 4-H is to develop leadership, character, and good citizenship in America's youth. By emphasizing the development of the Head, Heart, Hands, and Health, 4-H leads youth to produce their best. The Holmes County 4-H is open to all youth ages 5-18.

To learn more about Holmes County 4-H or to donate, visit www.holmes.ifas.ufl.edu, call 547-1108 or stop by their office at 1169 E. U.S. 90 in Bonifay.

The Community Rewards Program is a way for First Federal and the community to partner together to support local organizations. Every time a First Federal customer, who is enrolled in the program, uses their debit card to make a signature-based transaction, First Federal donates money to a participating organization. First Federal customers just have to swipe, sign and support! All money raised comes from First Federal.

"I am grateful to the loyalty of our customers who share in our mission to provide support to our communities," said Keith Leibfried, president and CEO of First Federal. "It is through their commitment to First Federal that we are able to donate to these organizations that provide valued services to our communities. We are hopeful that our contributions will inspire other businesses and individuals to also contribute to these important worthwhile projects."

At First Federal we believe that banking with us is an investment in you. For over 50 years First Federal has been committed to building vibrant communities through the support of education, sports, the arts and improving the quality of life for all. Since its inception in 2010, First Federal has given over $62,000 to local agencies through the Community Rewards Program. This is in addition to the thousands of dollars and volunteer hours that First Federal and its employees give each year.

The Community Rewards Program is underway for 2013. If you are interested in helping support your community through the Community Rewards Program, stop by your local First Federal branch or our call customer care center at 386-362-3433 to enroll your debit card. If you are an organization that is interested in participating in the Community Rewards Program, please visit our website www.ffsb.com.

BONIFAY — In spite of the warm balminess of the day, the temperatures dropped just in time to feel a little bit more like Christmas on Saturday night, as the city of Bonifay held its annual Parade of Lights, with vehicles of all sizes lighting up the night as they made their way down Waukesha Street and ending with a Celebration in the Park at Veterans' Memorial Park with hamburgers, hot chocolate, a bonfire and good ol' Saint Nick.

The city of Bonifay provided hamburgers, drinks and hot chocolate while Bonifay Fire and Rescue provided the volunteers to cook and distribute the food and drinks, as well as keep an eye on the large bonfire that kept everyone toasty as the night got chilly.

Vehicles great and small, old and new came to this year's Parade of Lights decked out in their holiday finest.

LEFT: This is the first year that the local mudding truck club has entered its vehicles in the annual Parade of Lights. **RIGHT:** A variety of displays went by lighting Waukesha Street, from buggy to scissor lift.

The Holmes County Blue Pride Band was also festively dressed as they made their way down Waukesha Street performing Christmas tunes as they went.

Many were in the Christmas spirit, decking themselves in lights, antlers, Santa hats, bells and festive colors galore.

First Baptist Church of Esto welcomes new Pastor

Special to Extra

The Rev. Randy Torrance became the new pastor at the First Baptist Church of Esto this month, replacing founding Pastor Ryan Begue, who left earlier this year.

Torrance wants to help the church, "Gain a vision of what we can accomplish and be a blessing to the community" and be "spiritually healthy and strong." "We want to help people connect with God and find His presence and love in their lives any way that we can." Torrance said.

Although the goal is not necessarily to make the church grow, he said he hopes that growth will be a natural outcome of the church's spiritual development.

He and his wife, Loanna are excited to make the Esto community a new chapter of their lives together.

Since being married, they have lived in Melbourne, Umatilla, St. Petersburg, and most recently Live Oak, Fla.

He mentioned that he has some important goals planned for the First Baptist Church.

At the forefront is glorifying God in everything the church does.

Secondly, he said he wants to maintain a church that meets the needs of its community.

"Too many times, churches separate themselves from what goes on in their community and lose their relevance within that community." Torrance stated.

He wants to have a church that is meeting needs and reaching people, and one that loves and cares for one another, too.

"I want First Baptist Church to be more than just a church that you come to weekly and go to potluck dinners once in a while and show up for Bible study and then leave," he said. "I want it to be a living, breathing community, part of the Esto community that God placed it in."

Pastor Torrance is currently leading the congregation of First Baptist in a series of establishing a Right Christmas for the current month of December.

He said that Christmas is not about Trees and Tinsel, Gifts and Garland, or Music and Mistletoe.

While these things are important to the traditions of the season, he wishes to remind the community that Jesus is the reason for the season.

First Baptist Esto is located at 1050 North Highway 79 in Esto.

Their times of services are; Sunday School/Bible Study at 9:30 a.m., Morning Worship at 10:30 a.m., Evening Worship at 6:30 p.m. and Wednesday Evening Worship at 6:30 p.m.

The public is invited to attend.

Engagement

Tinsley and Peel announce engagement

Mr. and Mrs. Gary Tinsley of Westville, are pleased to announce the engagement and forthcoming marriage of their daughter, Catherine Tinsley, to Justin Peel, son of Mr. and Mrs. Herb Peel Jr. of Bonifay.

The bride-elect is the granddaughter of the late Henry and Rochelle Prescott of Westville, and the late Jack and Helen Tinsley of Samson, Ala.

Catherine is a 2006 graduate of Ponce de Leon High School and a 2010 graduate of Chipola College, with a degree in Elementary Education. She is currently employed with the Holmes District School Board.

My Christmas cheer drama

DR. JAMES L. SNYDER
Out to Pastor

I enjoy being cheerful and Christmas time is a special time to be cheerful and I try my best to live up to it. Occasionally, the Gracious Mistress of the Parsonage will suggest I am going a little too far.

During the rest of the year I stay out of shopping malls as much as possible.

During the Christmas season, I want to go to the shopping mall and walk around without any purchases to make.

I like watching people spend their money on things they do not need and for people they may not like. I like to give cheer more than anything else.

Actually, it is the only thing I can afford. And so I will send my cheerfulness into cheer bankruptcy. Whatever that may be.

The Christmas season has never been a time for me to spend excessive amounts of money. I leave all that to my wife. She knows how to shop and she begins her Christmas shopping right around February. I could never figure that out. When I buy a gift for someone, I want to hand it to them right then.

She has the discipline to buy Christmas gifts months ahead of time.

Something happened this past week that brought all of my cheerfulness to an abrupt halt.

I had just come from the mall where I was making fun of people scurrying around trying to find the latest bargain. It is a little strange to me that when people get a gift for somebody they look for a bargain.

When I got home, I sat down in my recliner reminiscing about the day and then I did something I do not normally do.

I took out my wallet to clean it. This is something I do at least once a year.

Sometimes I get cards in my wallet that have expired or are no longer valid.

No sense in having things in your wallet that you do not need or cannot use. Several cards had expired and so into the trash can they went.

You can tell a lot about a person by the things in his wallet. My wife, on the other hand, carries a purse.

I will not be caught dead looking in that purse. In fact, I would be dead if caught looking. I am not sure what she has in her purse and I do not want to know what she has in there. I love living.

A man's wallet is a little different. He has things in there that are rather practical. There will be a driver's license, a Social Security card, insurance card, not to mention credit cards.

Everything he needs to get through a week with plenty of cheerfulness on the side.

Going through my wallet this time I found something that shocked me to the core of my being.

There in my wallet, folded up rather neatly and tucked in a corner, was a $50 bill. I cannot tell you the last time I saw a $50 bill. How it got there, I will never know.

My father always had a folded $50 bill in his wallet for emergencies. I am not my father. Ordinarily, you would think finding $50 in your wallet would be a moment of rejoicing. Not so here.

It is towards the end of the year, all gifts are purchased for Christmas and all bills are paid. I like to pay ahead of time just to make sure the bills are being paid.

And so there was nothing that needed to be paid at that time.

Life has taught me several lessons and one in particular. If you find extra money it means some disaster is about to befall.

Usually the catastrophe that happens costs more than the money you find. I found $50 and so it is reasonable to believe that the catastrophe facing me will cost $100.

I did not know if I should mention this to my wife. It is not that we are superstitious, we have just live life long enough to know what comes around goes around and what goes up usually comes down.

What is going to happen now? What is going to go wrong? What in the house is going to fall apart? Then my dilemma was solved. My wife came into the room and said, "I was wondering," and she was stammering a little bit as she said it. "I was wondering if perhaps we could take the grandchildren out for Christmas lunch tomorrow. I know it costs a lot, but I think they would enjoy it." I smiled and she looked at me a little quizzically and asked, "What are you smiling about?"

It was then I pulled out of my wallet the neatly folded $50 bill and waved it in her direction and said, "I think Christmas lunch with the grandchildren tomorrow would be a fantastic idea."

Some people worry about what they do not have. I worry about what I have to make sure I am using it in the best possible manner. "It is a good thing to give thanks unto the LORD, and to sing praises unto thy name, O most High" (Psalms 92:1).

I am thankful for what I have but I am also thankful for what I do not have. Nothing takes the place of a contented heart and my contentment rests in the Lord Jesus Christ. I need nothing more.

Legacy

These are ancient places of worship or ceremony. Generations have worshiped in these structures. They still tell the story of dedication and commitment. What story will we leave behind for our children and grandchildren? Paul wrote to the churches calling for dignity or seriousness of manner befitting the gospel. Leave a legacy worthy of your God.
