

# Save Water Indoors

## Save Water *Indoors*

Tired of pouring water and money down the drain? Watch the monthly savings add up when you use these easy tips (*savings estimates based on a family of three*).

Save up to

**400** gallons per month:

*Even a small leak can waste 400 or more gallons of water per month. Save big by repairing leaky faucets, toilets and showerheads.*

Save up to

**1,000** gallons per month:

*Limit showers to five minutes and install water-efficient showerheads.*

Save up to

**1,200** gallons per month:

*Turn off the water while brushing your teeth and shaving.*

Save up to

**250** gallons per month:

*Rinse fruit and veggies in a bowl of water instead of under running water.*

Save up to

**1,300** gallons per month:

*Replace older toilets with new low-flow models.*

Save up to

**1,000** gallons per month:

*Run your washing machine and dishwasher only when full.*
