THE LIGHTS WILL "GO ON" ON
NOVEMBER 11, 1961.

In our last issue we re-
ported on the progress
which was being made to-
ward the electrification of
the French Part of the
Island, and at that time
we wrote: "It is believed
that the "lights will go on"
on November 11, 1961 (St.
Maarten's Day); we have not
been able to confirm this
as yet."

We are now very pleased
to report that since that
time we have interviewed one
of the Authorities, and he
has confirmed that the
"lights will go on" on Nov-
ember 11, 1961.

This is surely welcome
news and we congratulate those
responsible for this so
badly needed improvement.
