

BOGUS CARIBBEAN NOTES

The Trinidad police have given information for the purpose of spotting bogus Caribbean \$10 and \$5 currency bills in circulation in Trinidad. They say they can be readily identified by close scrutiny of the notes.

It is said that the forgeries are being made by splitting genuine \$10 and \$1 bills and pasting the halves together, after tampering with the \$1 sides to resemble \$10.

The same method is adopted with the \$5 bills using \$2 notes.

The police have issued a warning and requested people to be on the look out for the bogus money.

CONSTRUCTION OF R.C. CHURCH AT ZION'S HILL PROGRESSING NICELY.

The construction of a new Roman Catholic church on the same spot where the old one once stood on Zion's Hill is progressing nicely.

A great deal of the work is done by volunteers, and the young, capable and hard working Administrator of the island Mr. Henry Every is among those who are giving free labour for this worthwhile purpose.

It is hoped that the church will soon be completed.
