

WINDWARD ISLANDS' OPINION

"In working the Carlsberg Breweries it should be a constant purpose, regardless of immediate profit, to develop the art of making beer to the greatest possible degree of perfection in order that these breweries may ever assist in keeping beer brewing in Denmark on a high and honourable level."

That, ladies and gentlemen, is the motto of the Carlsberg Breweries of Denmark as laid down by Christen Jacobsen and his successors J.C. Jacobsen and Carl Jacobsen.

A constant pioneer and leader in the field of producing better beer and brewing methods, since 1811, Carlsberg is now known as one of the leading pilsner beers in Europe and the world.

Friends, be a judge of your own taste, allow yourself to enjoy the flavour of a mild and mature beer.

And, speaking of tonics, it should hardly be necessary to remind you that there is none to beat Carlbery VIKING TONIC.

CARLSBERG BEER and VIKING MALT TONIC are available in standard size bottles or in stubbies.

Pick up your cases at the Philipsburg Printshop & Trading Co. N.V. Backstreet 246, or look out for our salesman and place your orders.

And don't forget to save your Carlsberg stoppers they are of value.

SAPOLIN VINYL MASONRY PAINT - Resists weather - Mildew fading
