SERVICE AND REGULATORY ANNOUNCEMENTS

BUREAU OF ANIMAL INDUSTRY

AUGUST, 1931

[This publication is issued monthly for the dissemination of information, instructions, rulings, etc., concerning the work of the Bureau of Animal Industry. Free distribution is limited to persons in the service of the bureau, establishments at which the Federal meat inspection is conducted, public officers whose duties make it desirable for them to have such information, and journals especially concerned. Others desiring copies may obtain them from the Superintendent of Documents, Government Printing Office, Washington, D. C., at 5 cents each, or 25 cents a year. A supply will be sent to each official in charge of a station or branch of the bureau service, who should promptly distribute copies to members of his force. A file should be kept at each station for reference.]

NOTICES REGARDING MEAT INSPECTION**ANIMAL CASINGS FROM FIJI**

The permission granted in Service and Regulatory Announcements of February, 1928, for the importation through foreign certification of animal casings from Fiji, is hereby revoked. All animal casings which leave Fiji on and after October 1, 1931, shall be disinfected as required by previous instructions as a condition for admission into the United States.

LARD FOR THE DOMINICAN REPUBLIC

The decree of the Dominican Government dated April 28, 1931, provides that an official analysis of lard destined to the Dominican Republic be filed by the manufacturer or his accredited agent with the Department of Sanitation of that Government and that the said analysis be presented to the respective consulate of the Dominican Republic in the United States for examination. Only one official certificate of analysis for each brand of lard is required after which such brand of lard will be accepted by the Dominican authorities when accompanied by the department's regular export certificate in triplicate viséed by the Dominican consul in the United States.

Accordingly, official establishments desiring to export lard to the Dominican Republic should submit to the bureau the brand name of the lard they desire to export in order that samples may be obtained and the required official certificate of analysis issued.

Inspectors are directed to see that the brand name of the product appears on the certificate, which should be issued in quadruplicate for lard destined to the Dominican Republic.

MEATS AND MEAT BY-PRODUCTS FOR CANADA

The following Canadian ministerial order, dated January 29, 1931, governs the importation into Canada of meats and meat by-products from countries in which foot-and-mouth disease exists:

"Under and by virtue of the authority conferred upon me by section 17 of the animal contagious diseases act, chapter 75, R. S. C. 1927, I do hereby order that ministerial order dated the 5th day of May, 1928, prohibiting the importation, or introduction, into Canada, of meats, other than cooked canned meats, from the Argentine Republic, Uruguay, and Paraguay is hereby canceled, and the following substituted therefor:

"The importation, or introduction, into Canada, either direct or via other countries, of meats and meat by-products, other than cooked canned meats and cooked canned meat by-products, from all countries in which foot-and-mouth disease has been known to exist during the 12 months immediately preceding, is prohibited forthwith."

Inspectors in charge of meat inspection will be governed accordingly in connection with the certification for Canada of meats of foreign origin which have been admitted into the United States under Regulation 27, B. A. I. Order 211 (revised).

PROCEEDINGS UNDER THE PACKERS AND STOCKYARDS ACT, AUGUST, 1931

Docket No. 349.—In re J. W. Sevier, jr., trading and doing business as Sevier Commission Co., market agency, South San Francisco, Calif. On June 16, 1931, the Acting Secretary of Agriculture issued an inquiry and notice, alleging viola-

tion of the packers and stockyards act by failure of respondent to execute and maintain a reasonable bond to suitable trustees to secure the performance of his obligations incurred as a market agency. On August 11, 1931, the respondent acknowledged service of the order of inquiry, admitted the truth of the matters and things therein alleged, and waived a hearing thereon. On August 29, 1931, the respondent was ordered to cease and desist from doing business as a market agency without executing and maintaining a reasonable bond to suitable trustees to secure the performance of his obligations incurred as such market agency.

Docket No. 350.—In re C. L. Kaye & Sons (Inc.), market agency, South St. Paul, Minn. On June 26, 1931, the Acting Secretary of Agriculture issued an inquiry and notice, alleging that respondent was insolvent in that it was unable to pay its debts as they became due in the usual course of business, and that it had engaged in unfair, unjustly discriminatory, and deceptive practices and devices in connection with handling livestock in commerce. The respondent acknowledged receipt of the inquiry and notice, admitted the truth of the matters and things therein alleged, and waived a hearing thereon. On August 6, 1931, the Acting Secretary of Agriculture issued an order suspending respondent from registration as a market agency for one year because of its insolvency and because of its having diverted and used the proceeds of livestock sold by it for various shippers which were then and there trust funds in its possession in such manner as to render it unable promptly to account for and pay over to such shippers such trust funds. It was further ordered that respondent cease and desist from doing business as a market agency while insolvent and from diverting and using proceeds belonging to shippers in such a manner as to render it unable to account for and pay over such trust funds to such shippers.

Docket No. 353.—In re W. R. Finger, dealer, Buffalo, N. Y. On July 20, 1931, the Acting Secretary of Agriculture issued an inquiry and notice, alleging that respondent had engaged in certain unfair and unjustly discriminatory and deceptive practices and devices in connection with the handling of livestock in commerce. On July 24, 1931, respondent acknowledged service of the order of inquiry, admitted the truth of the matters and things therein alleged, and waived a hearing thereon. On August 10, 1931, the Acting Secretary of Agriculture ordered respondent to cease and desist from the unfair and deceptive practice and device of weighing to a purchaser of livestock, with a view to obtaining payment therefor, other livestock not bought by such purchaser and the further unfair and deceptive practice and device of mixing with livestock sold to a purchaser other livestock, not bought by him, for the purpose of obtaining payment for such other livestock. It was also ordered that respondent be suspended from registration as a dealer for six months.

Docket No. 354.—In re Standard Calf Co., market agency and dealer, Fort Worth, Tex. On July 25, 1931, the Acting Secretary of Agriculture issued an inquiry and notice, alleging that respondent was insolvent in that it was unable to pay its debts as they became due in the usual course of business. Since the issuance of this inquiry there was submitted to the department, evidence that obligations of the respondent had been satisfactorily adjusted. Accordingly, on August 25, 1931, the proceedings were dismissed without prejudice.

PERMITTED DISINFECTANTS

In accordance with the provisions of B. A. I. Order 309, the bureau has granted permission to Hygiene Products (Ltd.), 185 LaGauchetiere Street, West, Montreal, Canada, for the distribution and use of "Crestall Dip" under the name of "Clearsol" in the general disinfection of cars, yards, and other premises. "Clearsol" is identical with "Crestall Dip" manufactured by Baird & McGuire (Inc.), of Holbrook, Mass.

Change in Trade Name

The bureau previously granted permission to Baird & McGuire (Inc.), Holbrook, Mass., for the use of "Crestall Dip," a saponified cresol solution, in the general disinfection of cars, yards, and other premises.

At the request of the said Baird & McGuire (Inc.) the name "Crestall Dip" has been discontinued and the trade name for this product is hereby changed to "Crestall Fluid."
