Letters to the Editor
Crescent City Makes A Joyful Noise
Dear Editor,

Did we make a “Joyful Noise,” when nine Crescent City Churches joined their voices and listened to each other? Rightly, you may ask, are we not a church, university and our own community in community? The event, “made a Joyful Noise” sponsored by Crescent City Celebration Committee, moved indoors to Howe Memorial United Methodist Church, thanks to the unlimited rainy sky. November 2, but it was sunny on November 3.

This is a public thank you to helpers Barbara Fisher for publicity and moral support and Scott Saylor for sound and video production. A big thanks goes to Howe Memorial United Methodist Church, the Crescent City Celebration Committee, the community as a whole, to the participating churches who gave up their Saturday afternoon singing their hearts out for the love of God. The “Joyful Noise” rocked the rafters.

Experience Is The Edge
Daris Howard

Lenny came rushing into my first hour class wearing a newspaper. “Howard, have you seen the newspaper?” I asked. “Yes, I did,” he replied. “Except for the fact that I could read it on my own, and then you would miss out on reading the best in show.”

“Howard, I had him there. He snooped the newspaper at me. “Here, Look for yourself.”

The section he had the paper turned to was the listing for the all-conference, all-state football team nominations. “I made all-conference, all-state football team nominations.”

I shook his head. “No, I didn’t. You did. And you made the all-state team.”

“I was surprised, and scanned the list to see if he was telling the truth. Sure enough, I was listed in all-conference for offensive guard and meantime for defensive tackle.

I gave him the look on my face must have spoken my feelings because he laughed. “Hey, don’t be so surprised. You’re one of the best.”

I was named for one other name, and was everyone believed for there was all-conference offensive tackle.

I brought back to the previous year. I had a junior. My dad had prided myself only allowed us to compete in one sport, due to the amount of work to be done. But when I kept up my chores and my sport too, he gave me permission to play football.

“I could remember my first football practice. I had never even seen a game of football, or even knew what to do other than, well, just stand myself. When the varsity players were honored in assemblies, we might be mentioned, but we would never be brought out. When varsity locker boys were descended, I was always the last to be called. But on JV, Wade and I became a powerful duo as offensive tackle and offensive guard. I also found I had talent at defensive tackle, earning the honors of most tackles and most sacks for the season. I made lots of mistakes, but I learned a lot.

Then, in our senior year, Wade’s and my experience showed as we moved to varsity, and we started in offense. I also started in defense, and became the team leader. We received lots of accolades, but mostly we had fun. As my thoughts turned back to the paper, I remembered the names of the other 38 who didn’t go to JV, but none were there. Later, when Coach came to congratulate me, I mentioned that I was surprised to find my name on there. “That’s because they are the best of the best,” he replied. “That might be,” he hesitated, “but experience and hard work will eventually edge out talent every time.”

Dear Santa
Dear Santa and Mrs. Claus

We have heard some ground-up talking about a new “Celebration Company” in (The Crescent City Civic) Celebration Company. We have been wondering if they are planning a Christmas Festival on Friday and Saturday, December 6 and 7, and there’s going to be a parade on that Saturday. Let’s see what all our children will enjoy. Some of our friends have been wondering if you check to see if you could maybe visit all of us here? That sure would be a wonderful surprise for us! I’m real sure everyone would be happy to see you. We’ve all been mostly nice.

Please write soon.

Master Mason Degree at Lake Lodge #72

Saturday, October 20, Rick LeBlanc completed the last of Master Mason Degree in Freemasonry. A Past Master of Ashlar Lodge #98, three Past Masters of Hastings Lodge #183 and seven Past Masters of Lake Lodge #72, and the Chaplain, Larry Wymann from Pineland Lodge #96 were all part of the degree team.

A hearty breakfast of eggs, sausage, biscuits and gravy was served at 9 a.m., and the degree began promptly at 10 a.m. for the three and a half hour ceremony. During the first half of the ceremony, Rick Hefner of Lake Lodge presided as Master of the Lodge while Bob Pringle of Lake Lodge, presented over the second half, representing King Solomon.

The second half of the ceremony depicts events surrounding the death of Hiram Abiff, one of the three Grand Masters and the chief architect in the building of King Solomon’s Temple in ancient Jerusalem on Mount Zion in 832 BCE. Solomon was the son of David, and the King of the Israelites. The Temple was said to house the Ark of the Covenant, the Ten Commandments written on two stone tablets by God and given to Moses.

At the end of these ceremonies, Oscar Patterson of Ashlar Lodge #98 gave the lecture and Past Deputy Grand Master Bobby Niles gave the Bible presentation to Brother LeBlanc.

Many have the belief that Freemasonry is in some way demonic. However, one will find the very same Bible placed on any altar in every Masonic Lodge throughout the country is the very same Bible found at every Christian Church on Sunday mornings. Freemasonry is not a religion, as all Christian religions offer a form of salvation through their beliefs. Freemasonry only demands a true allegiance to God.

Lake Lodge #72 is always open to new membership. The Lodge invites those that may have an interest in Freemasonry to come by, visit and have dinner on the first and third Monday’s each month. Dinner is served at 6:30 p.m.

Larry Corn

We have it all right here, trust me.

- Larry Corn

Third generation farmer Larry Corn felt a pain in his side while working on the farm one afternoon. He knew something was wrong and he would need to seek medical treatment. His wife told him to go to Putnam Community Medical Center.

After the studies were performed in the emergency department, Corn’s pain in his side was from his gallbladder and he was referred to general surgeon Dr. Jeremy Caudill.

“We saw the doctor and he got everything set up. He took care of me. It was like he knew me. You couldn’t ask for a more humanitarian guy. How lucky are we to have such a surgeon in our area,” Corn said.

From emergency room to operating room to recovery, Corn says his treatment couldn’t have been better.

“I was treated like a king from the back door to the front. The emergency room staff jumped on me with every test you could imagine and they have every modern piece of equipment you need. There is no need to waste life saving time going somewhere else,” Corn said.

Additionally, Corn’s nursing staff saw to make sure his recovery was as comfortable as possible.

“After surgery I was taken care of by the best a man could ask for on the second floor. My comfort and health was their only concern. Tina on day shift hardly left my side and Jaqueline on the night shift was the same.”

According to Corn, Dr. Caudill personally called and followed to make sure postoperatively he was recuperating.

“He called me at home everyday and checked on me. I just thank God I listened to my wife and went to Putnam Community Medical Center. Putnam County, we have it all right here, trust me.”

Halloween Leftovers

Halloween has come and gone, but one thing we missed was a good shot of the art on the back parking lot wall of Winn-Dixie painted by Erin Delaney’s fourth and fifth grade classes from the Crescent City Jr./Sr. High School. Many hours of work went into creating this work of art. The mural was created using Tempera paints, chalks, charcoal, and pastels. We are lucky to have dedicated teachers like Delaney.

Winn-Dixie Market Store Manager, David Court, said about 1,100 children came through, Tasha Newbold does a great job in organizing this every year. Local parents are very cute with this setup. Another place around town that had many children come through the Putnam Family Fitness Center in Pomonia Park. Two costumes that deserve mentioning were Ashley Jones dressed as a tree and husband Robert, as the “Big Bad Wolf.” There were so many other costumes that deserve mentioning as well. The FFPC had over a hundred kids come through the first ever trunk-or-treat at their new location. They did the First Baptist Church of Pomona Park. A Fall Festival every year with a hayride, free hotdogs and drinks, games, face painting, and of course, treats. They also pass out a packet of information about the church with a special invite to attend Sunday morning service. Pastor Gary Munson said they have gained a lot of visitors and Larry members from this endeavor while the kids are having-safe.

Going Away Party

Another place around town that had many children come through the Putnam County Hospital. Father Rudy and Sis Jenny were asked the following question “What would you gift, what would you give them?” Father Rudy and Sis Jenny said “Your hugs and laughter, and read to them everyday. Just remember to take care of each other and keep me in your prayers. Oh, yes, and send me hugs to keep me warm. I will miss you all so very much.”

Raiders Had a Bad Day

**The Raiders Find Themselves in a bit of trouble against First Academy.**

As I sat there like Jeff Daniels in “Dumb and Dumber” with a bottle of Tums, I opened the bottle and started to take one. At the same time, I heard that my stomach was going crazy, and I was like, "Ok, this is getting worse."

I decided to make a cup of tea and take a half ride. At the end of the ride, I couldn't breathe. I was at Mach speed, I'm flying too fast.

As I got to the goal line, I thought, "Okay, with all that being said, we need to just keep it up to the point of night and move on." Because this Friday night, our young men are in a position of being able to play and take the last game.

Well, I'd like to say that everyone's heartburn and acid reflux went away, the rest of the day I was feeling healthy because I knew that you're feeling better about your American which is the Raiders game. This team is getting better. They are improving. At the first half, we were tied, we had the lead, and because of the way they played, they didn't have much time to warm up and it was like a half ride.

At the end of the ride, I would like to say a few words here. It's a good day.
