CIVILIANS SUBJECT TO NEW CODE OF JUSTICE

Court martial jurisdiction by the Navy over civilians is considerably broadened by the Uniform Code of Military Justice which went into effect on 31 May, it has been pointed out in an article in the JAG Journal.

Civilians serving with, employed by, or accompanying the armed forces, or in a reserved area used by the armed forces, outside continental United States, its territories and possessions, are subject to the new code.

Coverage of civilians is subject to provisions of existing treaties or agreements between the United States and other nations, and thus would not extend to Cuban nationals at this Base, who under provisions of the treaty-lease agreement are turned over to Cuban authorities for serious offenses.

All offenses covered by the Code are not applicable to civilians, since some offenses are peculiarly military in nature.

1,060,000 CHECKS HAVE BEEN MAILED

Washington (AFPS)—About 1,060,000 checks for the second National Service Life Insurance dividend have been mailed to WWII veteran policy holders, the Veterans Administration reports.

It is estimated that a total of 8,200,000 will complete the payment early in 1952.

Payment to date amounts to more than $88 million dollars of the $868 million estimated as the total refund.

The dividend is paid on policies in effect for at least three months between 1948 and 1951. Separate checks are mailed for each policy. Policy holders may expect them from three to four months after the anniversary date of their policies.

There is no simple formula for computing payments for policy holders, but those under age 40 who hold term policies will get 50 cents for each $1,000 of insurance a month in force between 1948 and 1951.

CUBAN-AMERICAN FRATERNITY DAY

Celebrating the first Cuban-American Day of Confraternity, the citizens of Guantanamo City and Caimanera were hosts to officers, their wives, and civilians from the Naval Operating Base in Guantanamo Bay on Sunday, July 8. Returning the gesture of friendship and mutual understanding between the people of our two countries, Admiral M. E. Murphy, Commander, NOB, presided at the Cuban Red Cross with one thousand dollars in behalf of the personnel and the Navy Relief Society on the Base.

Personnel from the Base traveled by boat and train to attend the mid-day dinner and ball held at the Casino Campestre in Guantanamo City and were greeted by Mayor Ladislas Guerra and his wife, and the Committee in charge of arrangements, Mrs. Margarita M. Baradet, Dr. Antonio L. Civit, and Senor Victor Alonzo de Armas.

At the dinner following the initial reception, the ceremonies were started with all present, over 500 Cuban and American guests, standing while the National Anthems of Cuba and the United States were played by the NOB band. Dr. Civit officiated as Master of Ceremonies, speaking in both English and Spanish to greet the guests and to introduce Mayor Guerra to the assembled people.

Mayor Guerra in welcoming the American guests, explained that the initial idea for the Day of Fraternity between Cuba and America, to be celebrated each year, was originated by his wife, Mrs. Matilde S. Guerra, then turned over to the very capable working committee.

To Admiral Murphy, Mayor Guerra, on behalf of the people of Guantanamo City and Caimanera, presented a diploma of honorary citizenship of the two cities and a key to the cities, commending the Admiral for his efforts in maintaining the bonds of friendship and understanding between the Cuban people and the American military and civilian personnel.

In accepting the key and the award (Continued on Page Four)

SEABEE'S ARRIVE, START WORKING

The Seabee's arrived earlier in the week and in their usual self-assured manner, they proceeded to get on with the job at hand. Under the command of CDR R. D. Pinkerton, the Seabees have several primary jobs already for them to commence work on. The major objective will be the completion of the paving of the Pier Baker area which was started by the last unit attached to the Base.

They will also start building a cooling tower for Power Plant Number One, repair the water tank located on Hospital Cay, add an extension to the present Public Works Office located in the Administration Building and numerous other projects.

All hands sincerely hope that the Seabees will enjoy their stay with us. Let's try to make it a pleasant one for them.

CIVILIAN EMPLOYEE RECEIVES AWARD

Roberto Castillo, automotive mechanic in the Naval Air Station Garage, this week received an award of $10.00 for a beneficial suggestion.

The Navy's check was presented to Castillo Tuesday morning by CDR B. O. Roessler, Public Works Officer and Senior Member of the Suggestions Committee, at the NAS Garage, attended by George K. Murray, quartermann transportation; employees of the garage, LTJG W. L. Perkins, Assistant Public Works Officer, NAS; H. P. McNeal, Base Industrial Relations Officer; and Jaime J. Bru, administrative assistant, Public Works Department, NAS.

Castillo's suggestion consisted of an improvement in the fuel pump system for jeeps, and it will be forwarded to the Navy Department to be considered for a further award.

The Naval Academy varsity football team will arrive in Gtmo this coming Monday enroute to the States to prepare for the coming football season. The team has been on the regular midshipmen cruise.
TEEN-AGE ROUNDUP

By Mirt McCormick

This week I'm going to review all the new teen-agers that have arrived since school let out.

Bob Brown is a high school graduate. In the freshman class there will be Naoma Horne from Steubenville, Ohio, Nan Smith from Burbank, California, Kay Roessler and Audrey Rook, who are both from Washington, D.C. Ann Matney and brother, Bill, hail from Washington. Ann will be a sophomore and Bill a junior.

Margo Walker is visiting Babs Romoser for a few weeks this summer. Nice to have you around, Margo.

If I have missed any house guests or new arrivals please call 8-550. We all want to hear about you.

Last Wednesday at 6:30 a.m., Dixie Adair, Rickey Steimer, Kathy Green, Bob Brown, Sally Tuckett, Pete Broughton, Judy Blackmore, Jack Murphy, Babs and Bill Romoser, Margo Walker, Earl Springer, and Martice McCormick boarded the boat for Santiago. On the way over they ran into a little shooting fire-crackers.

From all reports the teen-age gang seems to be having a wonderful time this summer. The most popular pastimes are swimming, horseback riding and movies.
MARINE MUSINGS
By CPL Thomas P. Palmer, USMC

The night for which we have all waited for a long time has come and gone but the memories and hangovers will be with us for many moons. The Marine Privates' Club had its gala opening last Friday night and everyone from the Commanding Officer to the very last Private had a choice time. There were plenty of lovely girls from the USO Club in Guantanamo City and music by the NOB Dance Band, which I might add did a mighty job. Highlights of the evening were; speeches made by COL John P. Hough, Commanding Officer of the Marine Barracks, and CPL John Betz, President of the Privates' Club, the cutting of the tape by Mrs. Hough to officially open the club, and a dance by Pedro Soto, 7-year-old Cuban entertainer who has appeared professionally all over the Island of Cuba and in Cuban movies. The new pavilion type club, with its closed-in bar and open-air dance floor is just the kind of building we all have been looking for and many good times are anticipated for the future.

Congratulations to 2ndLT Robert N. Larson on his recent promotion to his present rank. LT Larson, who hails from East Dubuque, Illinois, joined the Marine Corps on 1 July, 1941, and has had previous duties as Sergeant Major at Parris Island, South Carolina, and Operations NCO of the 5th Corps Artillery. After reporting to the Marine Barracks, Gtmo., in June, 1949, from Headquarters Marine Corps, Washington D.C., the Lieutenant, than a Master Sergeant, assumed duties as Personnel First Sergeant. LT Larson resides on the Base with his wife and 2-year-old daughter, Karen. Accompanying his appointment were his orders to Camp Lejeune.

WASHINGTON (AFPS)--One of the truly unique assignments for Navy enlisted personnel is that of Chief Storekeeper Frederick A. Probst. He will serve as American Military Government representative to the Bonin-Volcano Islands in the western Pacific, with headquarters on the tiny island of Chi Chi Jima.

Chief Probst will take with him his home, a decorated, disassembled children's playpen, a Tolson, and 10-year-old daughter, Merrily Paye, he will live hundreds of miles from the nearest post office, grocery store, and hospital.

Food must be stocked months ahead and procured from Navy cargo ships which will call four times a year. A radio will be the only contact with civilization.

O'ER THE TEA CUPS
By Betty Radcliffe

Keith Mason is spending the summer with his mother and father, Mr. and Mrs. R. A. Mason. Keith was attending Oregon University last semester and will go to the University of Florida in September to study law.

Mr. and Mrs. H. G. Rogers are visiting their son and daughter-in-law LTJG and Mrs. Harris Rogers. This is the second time that Mr. and Mrs. Rogers have visited the Base. The Rogers arrived on the 5th and will leave for their home this weekend.

LT and Mrs. H. A. Camp have two visitors from Ashville, N.C., Anna Mae Biddle and Eliza-abeth Nix. Miss Biddle and Miss Nix drove to Miami, took a ship to Havana, a plane to Guantanamo and a special train to Caimanure and then of course the usual transportation to the Base; they arrived Friday the 6th and will be here until the 18th. Wednesday the 11th, Miss Biddle and Miss Nix were honored with a Canasta party at the home of Mrs. Biddle's sister, Mrs. H. A. Camp. Thursday the 12th they were again honored with a Canasta party given by Mrs. S. A. Thomas and Mrs. D. F. Taylor at the home of Mrs. Taylor.

Tuesday morning, July 10th, Mrs. Pat Shadleau was honored with a Baby Shower given by Sylvia Rockett and Dot Player. The gifts were attractively arranged in a decorated play pen, a gift from the two hostesses. Coffee and assorted cakes and cookies were served to the guests by Mrs. V. L. D'Amboise, Mrs. J. Edwards, Mrs. R. O. Wheeler, Mrs. J. A. Kaulin, Mrs. C. L. Gott, Mrs. J. H. Fluhardt, Mrs. S. A. Thomas, Mrs. K. H. Robertson, Mrs. F. E. Shlake, and Mrs. M. A. Strohl.

I was in the Thrift Shop this week for the first time since they moved into their new location. The new Thrift Shop is bigger and better than ever, it is light and airy and so roomy. All you new-comers on the Base, if you haven't been in the Thrift Shop you don't drop in sometime.

Another Memorable Date in History
July 14th, 1853 Commodore Matthew C. Perry, USN, met the Lord of Toda on Kurilama Beach and gave him President Fillmore's letter to the Emperor, which resulted, March 8th, 1854, in a treaty of peace and amity that gave American ships access of Japanese ports, and opened commercial relations between the United States and Japan.

I would like to see July 14th, 1951 marked down in history as the date that Russia and the United States signed a treaty of peace and amity. A lasting treaty!
CUBAN-AMERICAN FRATERNITY DAY

(Continued from Page One)

diploma of citizenship, Admiral Murphy addressed the Cuban people, "... I am grateful for the honor... your hospitality marks a new era of fraternity between America and Cuba in this end of Cuba."

... I am going to take this opportunity to present you with a check from the residents of the Station and the Navy Relief Society, Guantanamo Chapter, for one thousand dollars which I wish you as Mayor to accept and to turn over to the President of your Red Cross.

... In conclusion, I wish to express my thanks and those of the officers and their families and the civilians of our Station for this wonderful expression of fraternity and good will between our countries. My hope and good wishes are for the continued success of the people of Guantanamo City and Caimanera.

Also honored by the Mayor, was Commander Hugh B. Miller, Jr., who for the past three years has served as Public Relations Officer, Intelligence Officer, and Legal Officer on the Station. For his work in behalf of the promoting and maintaining the understanding between the people of Cuba and the Americans, Commander Miller was given a diploma of honorary citizenship in the two cities.

Ho Hum: "Give me a sentence using the word bewitches."

Ham: "Youse go ahead — I'll bewitches in a minute."

GTMO CARNIVAL OUTDOES STATESIDE EFFORTS

Strictly out of curiosity, your reporter did a little checking up this past week to find out just how well the local Navy Relief Carnival stacked up with those in the States. As stated in the last edition of this paper, our carnival contributed $21,000 to the worthy cause. We were mighty surprised to learn that five out of six activities at home couldn’t come close to our lofty sum.

NAS, Quonset Point, Rhode Island, collected $6,225.76, while their neighbors at the Training Center in Newport fared a bit better with $8,200. Moving south to Florida we find the Green Cove Springs Naval Station donating $11,109, and in the western part of the same state NAS, Pensacola, raised $9,588. On the West Coast the huge Training Center at San Diego cleared $8,313. Jax NAS, at Jacksonville, Florida, out did us by producing over $35,000.

Taking into consideration the location of GTMO, the few materials at hand with which to produce a carnival and compare that to what the stateside stations have, well it seems only justified to give the people who did the job here another "pat on the back."

GOLFING

There will be another Scotch foursome tomorrow at 1:30 p.m. on the Base course. Chief Neelley expects another large turnout for this match. The last match was won by LT Terry and Miss Poytress.

TRAINING GROUP TRIVIALS

As most of you have noticed our gossip column has been missing lately. X-RM1 Gibbons had to take leave in order to fit himself into a size 42 suit of chief's clothes. Welcome to the ranks old boy, we wonder if you're a Reynolds trained man... Lots of other things have happened, namely "We won a ball game" and expect to win more.

Those old FTG boys sure do goodish checking. "... I got a wife!" See what law school will do for you? You folks who are always talking about us being underworked and overpaid, stop by and look at my status board. Better still, just look anchored out. Imagine shouldering a loaded saddle and mounting the day's mount. Just make the old landing at 0500 and hear the theme song, "Ride 'um Boys Ride!"

Welcome aboard: LTJG Lawrence C. Hansen, Jr., USNR, recalled to active duty from Duluth, Minnesota, to reported to Fleet Training Group but presently working in ASW; LTJG George W. Eyster, USNR, recalled to active from Detroit, Michigan — reported to Fleet Training Group but presently working in Communications; LT (SC) Arden K. Colby, from Charleston Reserve Fleet; Carl W. Allen, RDM, CIC, Training Center Boston; Felix L. Mistrot, FFG, U.S.S. Roosevelt (CVE-42); James A. Reed, SN, RecSta Norfolk; David N. Sacks, ET2, RecSta Philadelphia; Robert C. Simms, BM2, Fleet Training Center, Norfolk; Robert F. McManus, SN, RecSta, Boston; Robert B. Jenkins, SN, RecSta, Norfolk. I say again, "Welcome shipmates, and be proud of your assignment, it's the best!"

Greathouse will become "Fishing King" since Legg, GMC, has departed for shore duty in Norfolk area... Looks like someone from Texas would help out that boy from Brooklyn on the western program at noon each day... Looks like FTG forgot to vote at the last election on the hill. What happened? Let's get some seats filled, we need "representation". Bingo! What a crowd. Mr. Box, how does it feel to be named "Big Winnah" at the club and Newtown?... No kidding folks, there is probably the greatest game going. Looks like CIC should be awarded (Chief in Charge)... The GTMO golf course log book is popular these days with names like Cook and Murphy with "xtra strokes for Murphy"... What gives? Give me 16 strokes and I'd enter the FTG tournament... The papers are filled these days with notes on how we should present ourselves in peace even. My story is, "Let us be represented, not by our words, but by the history of those who have prepared this belief in democracy for us."

Picture are the winners and runner-ups in the Base Golf Tournament held recently on the local course. Left to right: Chief Ernis, Chief Neelley (Base pro and runner-up), Hughes, Cook (winner in the men's division), Long, RADM Murphy who made the presentations, Mrs. Warron (winner in the women's division), CDR E. L. Freitas, Mrs. Metzger (runner-up), and Mrs. Peddicord.
REPORT FROM WASHINGTON

By Armed Forces Press Service

The following bills affecting Armed Forces personnel have been introduced in Congress and are under consideration by various committees:

1. To extend for two years the period during which free postage for members of US Armed Forces in Korea and other specified areas will be granted.

2. To add three years to the period during which WWII veterans on active duty in the present emergency may receive college training under veterans regulations.

3. To amend the Armed Forces Leave Act of 1946 to increase to 120 days the amount of leave which may be accumulated.

4. To provide for personnel in the Armed Forces in the present emergency and to their dependents certain benefits now authorized for WWII veterans.

Navy Alman 72-50 provides that all enlistments expiring on or after July 28, 1950, and prior to July 9, 1956, will be involuntarily extended for one year, unless affected members re-enlist or extend their enlistment terms voluntarily. Legislation is pending to extend involuntarily all enlistments expiring during fiscal years 1952 and 1953 for one year unless members affected re-enlist or voluntarily extend their enlistments.

Legislation is before the Senate to give the Air Force equal statutory status with the Army and Navy. The measure would give the Air Force Chief of Staff statutory authority to exercise command, and require appointment of a general officer as advisor to the Air Secretary and Air Chief of Staff.

The Defense Department Reserve Forces Policy Board has developed a plan to break down Reserve components of the Armed Forces into Ready, Standby and Retired Reserves. Under the plan, all physically fit young men will be available for appropriate service in the event of future emergency and inequities will be removed from recalls to active duty. Each Reservist and his employer will know how and under what circumstances the Reservist will be recalled.

Fairbanks, Alaska (AFPS) — Steve Losinsky wasn't worried about anybody stealing his jeep. He has a huge Alaskan malemute dog to guard it. He recently reported to police the theft of the his jeep—dog and all.

Providence, R. I. (AFPS)—The last horse has been retired from the police force. He was purchased by a retired policeman.

TALES FROM THE TURNTABLE

By Chris Alexander

According to a recent article in "Downbeat" magazine, Clarinetist leader Artie Shaw has once more retired from the music business. This time, he has set up shop in northern New York as a dairy farmer, spending long hours over a hot typewriter—he's going to write a book! This is his second attempt to write, as he wrote a few chapters back in 1934. Artie Shaw is responsible for violins being introduced into swing bands and that was the text for the first book. So much has happened since then, I wonder what the "Young Man Ville" with a horn will scribe.

I'll bet the new recordings by Garry Crosby and Bing are a hit back in the States, as they will be here at WGBY.

New shows on the WGBY program schedule this week... "Music From Broadway," "The Great Forty-Eight," all presented from the studio of WGBY. Watch the Papoose for the time and dates.

The Staff of WGBY and myself, in particular, would like to take this opportunity to thank everyone who helped us make the "Storyteller" parties a success. The comissary departments of every command, the movie exchange men, and everyone else were very kind in extending aid.

Also, we would like to welcome Lloyd Nelson back from a thirty day leave in the states, and we are looking forward to some fine work from him.

The difference between a man and a flea is that when a flea goes to the dogs he is happy about it.

MATERIAL SHORTAGE SLOWS CLUB

A shortage of roofing materials has temporarily slowed up construction of the new Naval Station Enlisted Men's Club, however, planning for future events and opening night proceeds at top speed.

Already assured is the installation of a grill and fountain unit, a modernistic bar and the replacing of present benches and tables with chrome and plastic chairs and small cocktail tables. Many other items of equipment are also planned and a program of regularly scheduled events such as bingo is anticipated.

Two projects currently under consideration are an opening night party with a new and different entertainment feature and the selection of an appropriate name for the club. In the near future the Indian and WGBY will carry details of a contest open to enlisted personnel for suggesting a club name with an appropriate prize for the winner.

MANY ENLISTED MEN GET COMMISSIONS

Annapolis, Md. (AFPS)—Of the 722 new ensigns recently graduated from the U. S. Naval Academy, 193 (or 36.4 per cent) were former enlisted men in the Armed Forces. One hundred and sixty-nine were former sailors, 41 were in the Marine Corps, 27 wore the U. S. Army khaki, two were Coast Guardsmen, and three had mixed service.

Another feature of the 1951 Class is that 92 of the graduates are sons of active or retired Service personnel, 12 Army, eight Marine Corps, two Air Force.

Pictured is the Marine Rifle Squad that took top honors in the Bermuda Command Rifle Meeting held recently at Warwick, Bermuda. 1st row, (1 to r) SGT Fielding, CPL Howard, CPL Hensmanns and CPL Taylor. 2nd row, (1 to r) SGT Stewart, SSgt Johnson, COL Hough, Commanding Officer of the Marine Barracks, CAPT Oglesby, Team Captain, CPL Goglin, and SGT Lombardi.
MEET THE STAFF OF WGBY

BOB CARPER, Station Manager

Outwardly, quite a few of the jobs in the Navy have that “rackets” appearance though very often we should refer to the old saying, “looks never count.” That holds true to our local radio station and in particular to the job of Station Manager. This position is occupied by Bob Carper, a guy who put his shoulder to the grind stone, so to speak, last November when he started spinning recordings for WGBY. Since that time Bob has worked increasingly harder to bring you better programs and entertainment via the local airways. His primary job is directing the entire operation of the station, aided by different department personnel, but he also takes time to air a couple of programs himself, which are; “Requestfully Yours,” a request program, heard Monday thru Thursday at 6:45 p.m. and “Meet The Artist,” a fifteen minute short on Mondays and Wednesdays at 1:30 p.m.

Bob is a design draftsman and field engineer in the outside world and part time radio announcer. After graduation from Jefferson High School in 1944 at Roanoke, Virginia, he enlisted in the Navy V-6 program and served until 1946. Following his discharge Bob entered the University of Virginia, transferred to Wisconsin where, as a junior, he met and married his wife Doris. From Wisconsin he again transferred, this time to Oklahoma from which he graduated in 1949.

Before returning to the Navy in September of ’50, he was employed by Mattern and Mattern, Consultant Engineers, of Roanoke and also by the Virginia Department of Highways. When his time is up in the Navy, Bob hopes to return to his old job and do a little evening work with local radio stations in his home town. He does half as well at home as he has with the station in Guantanamo his success in assured. Good luck in the future, Bob.

MOONLIGHT ROMANCE

Sure Fire: The gal with money to burn can always get a match!

FURY OF THE CONGO

Jungle Jim rescues a pilot and agrees to help him find a lost professor. Their search leads them to a tribe of women and Jim learns that the pilot is in reality a narcotics agent who needs the professor to extract a new dope from a certain animal. Jim is captured by the gang but is rescued by the native tribe and the smugglers are killed or captured.

ONLY THE VALIANT

A notorious Apache chief who is held captive by the Cavalry escapes and the Cavalry Officer is held unofficially responsible for not having killed him. A great war is about to break so the officer selects a few troopers who hate him most and rides out to defend an outlying fort as a delaying action. His brilliant leadership holds the fort until reinforcements arrive and wipe out the Indians with the new weapon, the Gatling gun.

NAVY BOUND

Forced to leave the Navy to help straighten out financial difficulties at home, a young sailor works hard to get the matter corrected within the three month grace period. He decides to fight a professional boxer for the money. Two of his navy buddies show up to give him moral support which is a big help and he goes in to win the fight. He re-enlists in the navy and is back on his old ship once again.

LIGHTS ON THE TWICE

A vacationing actress falls in love with a man recently accused of murdering his wife. The entire town believes him to be guilty and events tend to make her uncertain. On their wedding night, the actress gets panicky and runs to a neighbor's home. There she learns that the female neighbor was always secretly in love with the man and had killed his first wife to get him for herself.

I CAN GET IT FOR YOU WHOLESALE

A girl and two partners open a small dress shop and success comes quickly. She then meets a chain store owner and tries to get out of her contract. This failing, she makes a deal which forces her partners out of business. Later she is elated because of her love for one of them she returns and all is well.

MOVIE PREVIEWS

Soldiers Three

Told in flashback, a retired British General recalls his adventures in the English army in India, and with three fun-loving soldiers under his command, repeatedly at odds with the brass because of their behavior.

Fury of the Congo

Jungle Jim rescues a pilot and agrees to help him find a lost professor. Their search leads them to a tribe of women and Jim learns that the pilot is in reality a narcotics agent who needs the professor to extract a new dope from a certain animal. Jim is captured by the gang but is rescued by the native tribe and the smugglers are killed or captured.

This failing, she makes a deal which forces her partners out of business. Later she is elated because of her love for one of them she returns and all is well.

PUBLIC WORKS OFFICER

CDR B. O. Roessler, CEC, USN

Relieving CDR L. M. Davis, Jr., recently as Public Works Officer, was Commander B. O. Roessler. A native of Baltimore, Maryland, CDR Roessler graduated from Cornell University with a degree of Civil Engineer in June of 1931. From 1931 until 1940, he worked as a designing engineer for the City of Baltimore, the U. S. Bureau of Reclamation, Denver, Colorado and with the U. S. Engineer Office, Huntington, West Virginia.

He entered the Naval service on 5 August, 1940 as a LTJG and was assigned to NAS, Norfolk as Assistant to the Officer in Charge of Construction. He transferred to Naval Operating Base, Norfolk in February of ’42 as Power, Shop and Transportation Superintendent and Resident Officer in Charge of Construction.

In 1943 CDR Roessler again transferred, this time to the Naval Air Station, Bunker Hill, Indiana as PWO and OinCC. In November of ’45 he was transferred to the 14th ND Headquarters at Pearl Harbor as Planning and Design Superintendent, District Public Works Office. From 1948 until his recent transfer to Guantanamo, he served as Executive Officer to the Assistant Chief for Business Management of the Bureau of Yards and Docks. He served in several other positions while with the Bureau. CDR Roessler was promoted to his present rank on July 20, 1945.

Accompanying the Commander to Guantanamo were his wife the former Miss Jessie N. Glaser of Baltimore and their two children, Kay, 13, and Dick, 11. The editorial staff of the Indian wish the Commander and his family a happy tour of duty in Guantanamo.

Sure Fire: The gal with money to burn can always get a match!
DISTRICT CRAFT TAKES BOWLING CROWN

The Naval Station Enlisted Men's Bowling League completed play on Tuesday, the 3rd, with the District "White Hats" coming out with top honors and a total of 67 points. Close behind with 65 points came the MCB-1 "A" team.

Individualists coming out with honors for season high game; high three game average; and season high average, were the following: Tesh, of the MCB-1 "A" team with a high three game average of 218 and H.Q. White, of the District Craft team finished with a 172.2 season high average. Close behind White came Maxwell of the Flag team with a 168.6 average and Penoso, of the 1st Division team, with 167.6 average. Hefley, of FTFG Chiefs, had a 244 single game to place second in that respect.

WOMEN'S GOLF CLUB ASSOCIATION

We didn't hold our regular monthly meeting this month. It has been decided to postpone these meetings until the Fall. We will still play on Wednesdays however, so all you girls come on out.

On Wednesday, July 11th, we played a handicap tournament on the front nine. The lucky winners of shirts were; Mrs. Emily Griffin in the first flight and Mrs. Lucille Ware in the second flight. Mrs. Nellie Jester won a cap for low gross in the first flight, Mrs. Billie Crigway and Mrs. Margie Louis tied for low gross in the second flight.

Next Wednesday, July 18th, we will play the back nine. Hope to see a lot more of you golfers out playing.

Don't forget tomorrow is another Scotch foursome. Everyone seems to enjoy these so much, bring a partner and play.
NAS TOPS SUPPLY 10 — 9

By Bernard D. Timm

Thursday’s game between the Air Station and NSD turned out to be a slug fest going into an extra inning. NSD took the lead in the first inning when they collected four runs. NAS tied it up in the fourth when “Hoss” Weachter, Air Station outfielder slapped out a double with two on and then scored on a single by shortstop Robinson.

Naval Supply again took the lead and held it until the ninth when the Air Station tied it up again.

The Air Station was faced with a hitting ball club and had to hit the ball to stay in the game. NAS collected more hits in this game than their two preceding games together. Leading the hitters were right fielder Weachter and pitcher Daugherty with three hits each, Daugherty’s big blow being a triple in the bottom of the tenth inning with the score 9 to 9 and no outs. He scored on a bunt by left fielder Jones to take the game.

NAS not only showed that they could hit the ball, but also showed they could play smart ball. In the top of the tenth, NSD’s first batters popped out to the second baseman, the next batter got on base on an error. Hutchins of NSD smashed a double into left center but a fast relay held the runners on second and third. Sabatucci, who had collected two hits was intentionally walked to load the bases and set up a double play at any base. With one out and bases loaded the next batter popped out.

Daugherty led off for the Air Station in the bottom of the 10th with a triple into center field, the second batter down went swinging, and Jones laid down a bunt attempting a squeeze play with Daugherty sliding under the play at home to take it.

Cook, second baseman for NAS, collected the first home run for the team in the sixth inning with one on. NSD’s center fielder Griffin made the catch of the evening, one on NSD’s center fielder Griffin collected the first home run for his team in the running for the championship title by scattering ten hits to defeat the Supply nine 9 to 7.

Errors were costly to the NSD team which allowed for several of the Naval Stations runs. The Station nine scored two in the first and one in the second to go ahead 3 to 0 but Supply broke the ice in their half of the fourth by scoring four runs to take the lead. Two runs scored on errors and a single by Snook drove in another run to tie it up. Snook moved to third on a bad toss and a wild pitch by Shanabrook, allowed him to score. Sutton hit a single to left and Hickey followed with another single to the same spot. Brown loaded the bases but Schwartz hit a slow one between 1st and 2nd which was tossed to 2nd for the third and final out to end the hitting spree.

The Station nine retaliated in the bottom of the fourth when Wood got on base by virtue of an error and Murray drove him in with a stand up double. Supply scored two more in the fifth and Station picked up one. Trailing by one run going into the bottom of the fifth, the Station team found the range again and scored four more to take a nine to six lead.

Supply managed to score one more in the top of the ninth before Shanabrook tightened up to save the game.

Shanabrook struck out eleven men, gave up ten hits and five walks. Schwartz, the losing pitcher, fanned eight, walked four and allowed only seven hits. Gibbons called the game at the plate with Kumm and Murray driving him in with a stand up double. Supply scored two more in the fifth and Station picked up one. Trailing by one run going into the bottom of the fifth, the Station team found the range again and scored four more to take a nine to six lead.

Shanabrook won his third straight win of the season under the lights last Monday, Shanabrook, star hurler for Naval Station, kept his team in the running for the championship title by scattering ten hits to defeat the Supply nine 9 to 7.

With only one look at Laura Elliot, native hearts beat like native drums. The sultry Warner Bros’ star is to be seen in “Strangers on a Train,” a suspense drama directed by Alfred Hitchcock.
