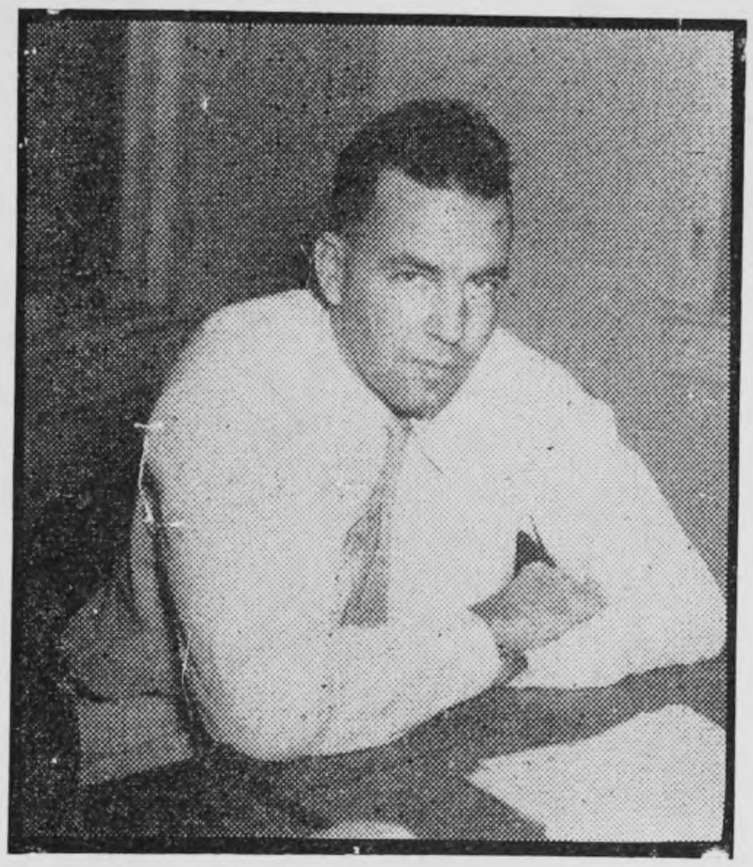
Horigan and Howard Join Aruba Organization

J. J. Horigan



J. M. B. Howard

J. J. Horrigan, above, arrived in Aruba December 7 from the Argentine to assume the position of Assistant General Manager. He will be responsible for the Mechanical, Industrial Relations, and Colony Service departments, while Assistant General Manager F. S. Campbell will supervise the activities of the Process and Technical Service departments. W. C. Colby will continue to act as adviser and coordinator on matters involving industrial and public relations and Colony services.

Mr. Horigan joined the Company in November, 1920, starting work in the Engineering department of the Transcontinental Oil Company at Tampico, Mexico. From 1921 to 1928 he was in the General Engineering department, occupied with both office and construction work.

In 1928 he was sent to Cuba to supervise refinery construction work there, and the following year was made superintendent. He held this position until May, 1936, when he was transferred to the Argentine as President of Cia. Nativa de Petroleos, the Argentine refining organization.

Time magazine frequently "scoops" the two newspapers published in the refinery, but when one of them scoops *Time*, that's news.

The last issue of *Time* carried a story of former Instrument man Cecil Petty's rescue in the Pacific three weeks after it appeared in the ARUBA ESSO NEWS.

J. M. B. Howard arrived here Deecember 19 to assume the position of Assistant Manager of the Marine department.

Mr. Howard's service with the Company started in 1933 in the Marine department at Solomon's Island, Maryland. After two months there he went to sea for four years, serving as deck officer on various Company tankers.

From 1937 to 1940 he worked in the New York Marine Office. In the latter year he was sent to Caripito as Marine Superintendent, and remained there until his recent transfer to Aruba.
