By Ted Shortell

One week after the hectic spring elections, John Crews has returned condition of the student body.

The Florida and Dixie Party candidate edged the Gators’ Frank Stanley by 1,755 votes. The last thing that prevents the result was the tragic suicide of the capably, the Executive Council to which he was elected, the past it has been a for a similar reason.

Twelve Ballots Called Good

The 12-good-Ballot Gator press time last week moved Bayh ahead by two

votes, not counting 12-gator-con- tested ballots. Those 12 were later

ruled good by the Honor Court and they were to be the slim margin for Crews.

Crews “Guaranteed”

The validity of the 1,760-1,734

combined Gator poll was confirmed by Dr. Stil-

worth, chancellor of the Honor College.

Crews yesterday expressed ap-

preciation for that majority.

This week's

Mortar and Pestle
Schedules Open
Meeting April 29

The pharmacists of the nation have dedicated National Pharmacy Week, April 29 through April 30, to the cancer control program in cooperation with the American Cancer Society.

National Pharmacy Week will be highlighted on the campus by an open meeting sponsored by the Mortar and Pestle Society to be held at the chemistry auditorium on Thursday, April 24, at 7:30 p.m. The Enrich Award, presented yearly to the senior who attains the highest honor point average during the junior year, will be presented during the meeting to Richard Specter. The presentation will be made by Dr. P. A. Voda, director of the School of Pharmacy.

Alumni, students and friends are invited to attend.

Jerry McGill
Vaults Way Into Big-Time Radio

Jerry McGill, a graduate of the University of Illinois, and president of the Illinois chapter of the American Society of Civil Engineers (ASCE), has been in- troduced to the radio industry by his college roommate and partner, J. L. T. Royer.

Participating in variety programs and being featured on the Chicago Colosseum Broadcasting System, featuring Edward Par- ley as Percy West, the hard-hitting, crime-busting editor of "The Inca Daily Press," McGill's weekly serial is a "must" on many a radio fan's schedule.

Before he received his degree in nuclear engineering from the University of Illinois, McGill was an O'Malley scholar, British postgraduate student, professional athlete and a newspaperman, an advertising man- ager and director of the "Big Town."

For Student Government's Sake

Next Tuesday night the Executive Council of the Student Government will hold its biggest voting in last week's student body election. In the past this has meant that the council, unless it found evidence of fraud or corruption, officially certified the results. This year it has been certified by the Chancellor of the Honor Court as having the greatest number of votes.

It has been rumored that the Gator Party-dominated council will attempt to "steal" the election from Dixie-Florida Candidate John Crews, who has been certified as the winner by the Honor Court. It is hoped that this will happen. We are idealistic enough to believe that members of the council will not vote along party lines Wednesday night. It is hoped that this will make it possible for the council to function.

Council members are aware of the fact that such action has been rumored, would mean another council dominated by Gator Party bosses, which means another campaign by political parties, and recognize throughout the country how unhealthy student government at the University has become a farce. We do not believe that the members of the Executive Council will allow this to happen.

University Has Growing Pains

The University has growing pains. Although it is in an transitional period, temporary housing units and offices sprouting up all over the campus painful insofar as their appearance goes. It has been seen from here that not too many hundreds of dollars would be involved in painting these buildings a clean-looking white rather than the bare concrete Electronics campus and green. One thoughtful student suggested this week that rather than designating the buildings as "J-21, C-14," they should be named after alumni who have died in the scene of formal initiation ceremonies in the Phi Delta Phi international legal fraternity.

University Library Annex open until midnight Friday-Saturday.

SIGMA NU NAMES CRABTREE PREXY

Wednesday night at their weekly chapter meeting the Sigma Nu fraternity elected new officers for the coming year. They were:

Commissary, Al Crabtree; L.E. Commissioner, John Stanford; "For Phil" for the Durell Hall, Roy H. Howard; Correspondent, Western; Howard; Honor Mage, Marshall; James; Assistant Marshall, Chippie; Philip,-modified, Leonard, Luke Juklin; Assistant Commissioner, Marshall Osher; "For the future," Berry Bryan; "For Puget," Jim White; "For Mason," Bob Rollins; "For Phil," Jim Kirby; "For Kappa," Garrison Ingram; "For Phil," A. M. Eady; "For Phil," A. J. Smith.

SIGMA NU NAMES CRABTREE PREXY

Members of the John Marshall Bar Association will hold their pre-trial conference of" Day 12 in honor of the graduating seniors from the University of Florida Law School.

Dress for the event will be in accordance with the dress code for a black-tie event. The price for the event will be as determined by the members of the event committee. The event will be held in the University Auditorium, located at 1000 University Avenue, Gainsville, Florida. The event will feature a keynote address by a prominent legal figure, a reception, and a formal dinner. The event will conclude with a dance to the music of a live band.

Letters To The Editor

That’s An Insult, Suh!

Dear Mr. Freedman:

In regards to your earlier reply to Mr. Caplinoff’s letter in the April 16th issue of the Alligator, I feel that I would like to take issue of several points, including Mr. Doherty’s previous journalism experience. It is true that I am not a future member of Phi Gamma Delta, but I have worked for the student newspaper, The Florida Alligator, for over one year and have served as its editor.

Furthermore, Mr. Freedman, we’d like to verify that Mr. Doherty is a gentleman, a quality that we think is lacking in the office of the editor of the Alligator.

Yours truly,
Joe Boothard, Jr.

Your shootin’ reputation has been exaggerated.

Richard E. Smith

EDITOR’S NOTE: In past issues of this newspaper, the Alligator, Mr. Doherty was listed as a member of Phi Gamma Delta fraternity. We regret any error or confusion here raised.

Your Ears Ache Incredibly

Dear Morty:

I have just read your answer to resider Caplinoff’s criticism of the ORANGE PEEL. You are so complimented on your fine understatement.

Your answer is not one, but five--or perhaps six, I’m not sure.

Now, as to the ORANGE PEEL editor. It is encouraging to read of one of the few publications on the UF campus which is not run by members of one fraternity.

The ORANGE PEEL has had no previous experience on campus publications; you certainly hit the nail on the head, as you so well know.

In any case, the ORANGE PEEL is but one of the many student publications on this campus, and I am sure you are not capable of being a candidate for the party having the biggest blue votes. And even then Mr. Doherty’s vote of "nonconnectedness" was as great as the 1946 votes for other Orange Peel candidates.

Inestimably yours,
G. T. Day.

Ph. S. Naturally I do not expect you to publish this when you learn, after looking up my affiliations (**) the true depth of my sincerity.

A trite phrase; hackneyed expression.

**NOTE:** In a previous issue of this newspaper, the Alligator, Mr. Doherty was listed as a member of Phi Gamma Delta fraternity. We regret any error or confusion here raised.

Given Journalistic Viewpoint

Dear Morty:
The "Editor’s Note" in last issue of the Alligator was very good. I hope it sticks in your letter.

Your observations of the ORANGE PEEL’s editor are in accordance with those held by many "thoughtful students of journalism" like ORANGE PEEL, is capable of being one of the finest publications at present, and it has more to offer it. If you don’t believe me, you can ask the 70 percent of the staff members, or 48 percent of the staff members, who are members of one fraternity.

Yours for better elections,
Raymond Jacobson

Missing Link After Thousands Join Big Link Hunt

Roy Thames Work Alive and Well

After weeks of searching under beds, bookshelves and in Alachua Count y The Missing Link, otherwise known as Roy Thames, was finally discovered tuesday, the 24th of July, at the home of Thomas Chi fraternity, who claimed to have been the original owner of Roy Thames. The fraternity, however, denied any such ownership, stating that the fraternity had adopted Roy Thames as a member in order to gain publicity for the fraternity.

"I’m proud to say that I have found Roy Thames," said Thomas Chi, the fraternity’s president. "He is a true member of our fraternity, and we are proud to have him with us."

Governor Caldwell Sees Accord On Co-Education

Academics Slate Conference Here

Mellen C. Grieshop and Joseph E. Brothers, Jr., will be the principal speakers Monday afternoon, at a special conference for students in the University of Florida’s School of Architecture and Allied Arts. It was announced yesterday by William T. Atwood, director of the school.

Brothers will hold a special seminar on urban planning and its relation to architecture and Allied Arts and Gar- den, honorary architecture society, is designed to acquaint stu- dents with the practical aspects of urban planning. It is sponsored by the Architects State Conference.

According to an "Associated Press" dispatch from Tallahassee yesterday, Gov. Caldwell expressed the opinion that there was "reasonable ac- cord on Co-Education among Florida higher institutions of education at both the University of Florida and the Florida State College for Women."

The governor also expressed the sentiment of the Orange Peel yesterday that he is concerned about the quality of the Orange Peel and the quality of the students at Tallahassee.

The governor’s statement came as another in a series of develop- mental educational problems on the top priority list of the Florida legislative body.

The "broadest educational concept possible" is the slogan that the governor was using.

According to the "Associated Press" dispatch, the governor said he would like to see the public schools and the private schools working together to provide the best possible education for the students.

The governor said he would like to see the public schools and the private schools working together to provide the best possible education for the students.

Racketeers Win Over Southern

By Stanford Schier

Florida's density—improving tennis team—overcame aIndiana University of the Southeast in a return match with Southern Florida by posting a 6-1 win over the hapless Hoosiers.

In the first encounter three weeks earlier, the Gators lost to their Southern nemesis, 7-2 in Lakehead.

Results Announced

Southwest Florida's finest had been defeated by Indiana, 7-2, in a game of old hand-me-downs.

Players still needed the services of a few returning veterans to provide the necessary leadership. The Saurians were at full strength.

Tennis Squads Tackle At Winter Park

Orange and Blue racketeers met the Rollins College Tars at Winter Park this afternoon as no doubt a tryout for the state tennis honors.

Rollins has a victory-curse over the Gators this year, and will aim to batter down Coach Hermann Schliech's charges. The future is out for its third win in four starts in the Playharcuses Tournament.

The Gators will journey to Cora.

Cindermern Face Georgia Saturday

This year's University of Florida's track team will face a strong University of Georgia aggregation tomorrow afternoon at Athens, Ga.

In this Southeastern Conference meet, the Gators will pit George Hills, Hank Gardner, Gene Wilkims, Jim White, and the host of silver-spiked veterans against the Redcoats to win the wires off the cracklers.

Coach Rivers Jones said, "the boys are getting better as the season passes on, and there's nothing like pressure to bring out the best in a team.

He indicated that the Gators would be ready for the Southeastern Conference Tournament to be held in Birmingham, Ala., next month.

Fraternity Mural Listings

Official Intramural Fraternity Mural Listings include these sports, including swimming, as are follows:

Saw the strongest as the orange and Blue Boy.

Tech Captures Track Meet

Georgia Tech's engineers of theinnovated the Orange- men of Perry to the tune of 6-25, 2-13 last Saturday in a Graham field outing seen by hundreds of so-called track fans.

Florida captured six first positions in Georgia's eight top places.

Hills Is High Scorer

George Hill of the Gators was high point man of the meet—taking the shot put and discus categories. Jim Wilson won the broad jump, Fabian Henson knocked off a 6 foot, 4 and 1-8 inch high jump for first place.

Georgia jumpers while his teammates Tom Bevis and Jack Willis both came in before Durst of Georgia in the two-mile affair. Gene Williams pole-vaulted 12 feet for another first place for the Orange and Blue boys.

The times and winners of each event follow:

Event Winners Announced

Four shot put, Hills (F), 48 feet, 1-4 inch; mile, Corllin (GT), 4:38:44; 440-yard run, O'Neil (GT), 50.1; 100-yard dash, Pouns (GT), 9.9; 120 high hurdles, Coone (GT), 15:24: high jump, Gardner (F), 6 feet, 2-1-4 inch; discus, Hilles (F), 136 feet, 1 inch; 300-foot flies, Wilson (F), 9.22; two-mile, Bevis (F), 10:24: 880, Henson (GT), 2:03:21; javelin, Nolan, (GT), 156 feet, 8 inches; shot put, Williams (GT), 12 feet, broad jump, Wilson (F), 22 feet, 9-1-2 inches.

To The Students of the University of Florida

On behalf of the Gator Party, I should like to take this means to express our thanks to all who worked and supported our candidates and party.

The continued success of the Gator Party is dependent upon the work of its elected members for better student government at a better University of Florida. We pledge ourselves to this.

Sincerely,

Bill Byrd
Chairman

All Entries For Intramural Golf Due By April 15

All Individual, Dormitory and Fraternity entries to golf must be in by April 15, it was announced today by the University department and Ed Gramene, golf manager.

All elimination will be nine holes match nlay. Semi-finals will be 18 holes match play. Each organization will be represented by two men who will play two singles and one double match.

The double match play shall be decided by best ball using the usual system of play. Time must be off within ten minutes after scheduled time to prevent finish. Each player must furnish his own equipment and pay the fee.

This is the first time the golf has been held. This event counts seventeen points in the Intramural race.

**PDT, SLEDD C-G AND HELL-CATS WIN SWIM MEET**

By Julian Clarkson

The Phi Delta Theta, Sledd C-G and the Hell-Cats grabbed top honors in the Fraternity, Dormitory and Independent Leagues, respectively, during the Intramural swimming meet held last week.

The Phi Deltas racked up firsts in the 220 free style, 200 free style relay, and diving, and gathered enough seconds and thirds to spiritedly win the overall championship. Chi, runner-up in spite of three firsts, the champs totaled 23 points in all, six more than Sigma Chi, while RAE finished in third place with ten points.

---

**RULES ANNOUNCED**

By Bill Boyd

Over sixty softball teams will take the field in the intramural softball tournament which will begin the day after the baseball season ends and the drill field starting Monday afternoons, it was announced by Randolph Mikell, softball manager.

Since, in general, eleven, downtown and twenty-twofraternities have signed up to battle it out for the title.

**RULES STRONG**

Last year's champs in the fraternity league, the ATO's, are expected to come up with a strong team, although they suffer the loss by graduation of their hurler, Pete Hartscrew who pitched and batted them to a championship. The Delta Tau Delta last year runner-up will field an exceptionally strong team with the addition of some new boys especially their newly acquired football star, Tommy Taylor. The Deltas dropped the championship game last year to ATO 1-0 in a real thriller. The League's opening day will be March 4.

The rest of the fraternity league teams stand now as a lineup with almost any team capable of taking the title.

Of course the strength of the Independent and Dormitory teams are not yet determined as they did not enter their own league last year. But these teams should be really hot with most of their men returning, and a couple of other teams have been entered.

---

**RULES LISTED**

Here are some of the rules that are called to the attention of the interested parties:

1. A regulation game shall consist of nine innings, except the semi-finals and finals which will be seven.
2. No spiked or cleated shoes will be allowed.
3. The entire team consisting of ten men to allow more men to take part in a game.
4. The diamond shall be sixty feet.
5. All umpires decisions are final. In the case of his failure to declare a toss-up, the pitcher's manager is declared to be the home plate umpire.
6. All protests must be made on the field of play immediately after the play. Only the one originally playing the game under protest is the only person who may challenge the decision of the umpire. The protest must be in writing, signed by the protesters, and delivered to the umpire who made the decision. A protest made after a game has been completed is not entertained.
7. In September, 1939, that rent control order would come when the $2, $4, $6, etc. were to go.

**REALTY EXPERT TO SPEAK HERE**

James C. Downs, Jr., regarded as one of the nation's foremost, real estate economists, will address a meeting at the University of Florida Monday evening. Dr. James E. Chace, head of the University Department of Real Estate, announced today.

Downs, president of the Real Estates Research Corporation, and editor-in-chief of the Journal of Property Management, will discuss the future of real property which activities are centered in the economics of land and shelter, in addition to his public address, he will speak before real estate students at regular class sessions.

Downs' predictions in the economy of real estate over the past ten years have proved an accurate gauge to reality trends, according to Dr. Chace. His analyses of research in real estate matters have attracted audiences of realtors, financial association members, and building industrialists throughout the country.

As early as 1937, Downs was invited to present his views. At that time he had just finished a long series of articles on real estate trends. His advice to anticipate inflation by trading dollars for real estate values, or to invest in growing businesses, was well received.

Other predictions that are particularly notable include the 1938 recession and its early termination; advice to prepare for a war economy; forecast of drop in interest rates when most economists were predicting the reverse; and advice to develop a strong marine business.

JAMES C. DOWNS, JR.
Real Estate Club Formed

A Real Estate Club was organized at a meeting held Thursday evening in the library. The group is open to all students taking a course in real estate.

Main objectives of the organization are to stimulate interest in the field and aid students in gaining experience in real estate. Plans are under way to formulate a course of action to facilitate the professional status of the students.

A banquet honoring James C. Prather, associate professor of real estate, was held Friday evening. James C. Prather, associate professor of real estate, was the guest speaker. The annual real estate manager from Chicago, will be guest at the banquet held in honor of the club.

The club has extended invitations to members of the faculty and to local realtors.

Camaraderie among the advisors are Dr. James C. Prather and Dr. Kari E. Ashburn. The charter members are as follows:

Cavaliers Will Elect Their New Officers April 29

By "Gopher" Martin

The Cavaliers decided at a regular meeting of counselors held Tuesday evening to hold a council election this week. The council election will be held Wednesday evening in the student center. The council meeting will be held Tuesday at 9 p.m. in the student center.

The council is in charge of the student government and the annual meeting will be held Tuesday evening. The council is in charge of the student government and the annual meeting will be held Tuesday evening.
