Miss Universe Pays UF a Call

Miss Universe of 1962 will get her first taste of college life as it is lived in Gatorland, U.S.A., this week during a flying two-day visit here.

Norma Beatrice Nolan, 24-year-old Argentine beauty, will arrive at the Gainesville airport Wednesday at 2 p.m. to attend a round of festivities celebrating the opening of the new J. M. Fields discount department store on Thursday.

Top of the list for the appearance plane of Food Fair Stores, Inc., parent company of the Fields organization, will be the campus to gain student signatures and have it printed as an open letter to the students of Mississippi.

Daniel said he took the letter to Student Body Pres. Bill Trickel and Secretary of Academic Affairs John Young. Young endorsed it, and took it to several UF administrative officials who approved it but felt that it should be toned down.

TRICKEL'S CABINET did not endorse it because they believed it to be "contradictory" in parts. Another letter was drafted and submitted to the Council for action.

Those who voted against the resolution indicated that disapproval of mob action in the state was self-evident and no proclamation was necessary. Others voting for the resolution felt that the position of Southern students needed to be clarified in the eyes of the world.

STUDENT BODY PRES. Trickel said he would send the resolution to the University of Mississippi as soon as possible. Daniel said he hoped to get national publicity. It is believed that the UF is the first to express sentiments in the current racial crisis. The Alligator attempted to contact Negro James Meredith at Ole Miss last night for comment, but was unable because of "heavy traffic" into the state.

A new constitutional balloting procedure was approved by the Legislative Council last night.

The new procedure states that voting shall be on October 30, and not exceed 72 hours. Voting shall be done by paper ballot and the voter may either yes or no, whether is approves or disapproves the revisions. Polling places are to be scattered throughout the campus at locations to be designated later. The Council felt that this was the best way to obtain the 25 per cent vote necessary to pass constitutional revisions.

Debate resulted on the proposed Finance Law. It was approved by a majority but no one was sure whether a three-fifths vote or only a majority was necessary to pass the law. The question of the current number necessary to be referred to honor court for a decision, and the amended law was to be printed so that it could be voted on by the students in the Oct. 30 election.

The purchase of a portable choral shell costing $756 to be used by the University Choir, Men's Glee Club, Women's Glee Club, Coral Union and the concerts presented by the Lyceum Council was approved. It was stipulated that the shell was to remain the property of Student Government and will be stored and taken care of by the buildings and grounds crew.

John Young stated that the RNG film designed to depict the needs of the UF had been contracted by the Florida Development Commission. The film should be ready for the end of February, 1962 and should be ready for distribution before April.

The following members were absent: Cindy Adams, Bill Brown, Bill Brown, Ross Dachelet, John Deich, Marilyn Etlinger, Dick Givens, Sharon Mack, Larry McKay, Jack Neil, Hayne, Buddy Jacobs, Bruce Jacobs, Mike Jordan, Alan Kinon, Marjorie Lewis, Levin Lord, Carolyn Matthews, Mickey Miles, Larry Overstreet, Fred Petren, Steve Powell, Dick Richards, Elder Rummel, Fred Williams, Hugh Wilson, Bill Cook, Bob Watson and Steve Greenburg.
CAPE CANAVERAL (UPI)— A break in threatening weather Tuesday improved chances for launching Astronaut Walter Schirra on a six-orbit space flight Wednesday.

With the weather looking favorable, the Atlas rocket fueled, and last minute preparations moving smoothly ahead, Project Mercury officials reported: "Things look good for a launch Wednesday morning."

At about the same time, United States officials in Washington appealed to Russia not to conduct any nuclear tests Wednesday which might jeopardize Schirra's flight. The appeal was made by the State Department to the Soviet Embassy.

Schirra's launching on his planned six-orbit flight could come anytime between 8 and 11 a.m. EDT. Up to Tuesday, officials had planned to postpone the launch if it did not come off before 10 a.m. EDT.

If Schirra's launch just happens to be timed right, officials said, television viewers in Europe and possibly Communist bloc countries could see him hurtle into space in his Sigma 7 space craft on live television relayed by the Telstar satellite.

Space agency officials declared at the briefing to quote odds on the chances of the flight being Wednesday on schedule, but changed Tuesday they said. "Things look good for a launch tomorrow morning."

"Shortly before the briefing, technicians at sun-baked Cape Kennedy 14 had put fuel in Sigma 7's space capsule to include the critical attitude control system."

Committee Probes Merits of NSA

A five-man student committee is studying the feasibility of joining the northern-dominated National Student Association (NSA). Headed by Steve Frye, Dormir, administrative assistant to the student body president, the committee will delve into the potential and advantages of the organization which issues statements concerning domestic and foreign affairs.

Gilson said there has been controversy as to whether the UP should join or not because of the liberal influence in the organization. He stressed that the committee would accept only "documented facts and not (opinionated) material.

On the committee are Steve Freedman, Joel Sach, Danny O'Callaghan, Phil Wahlbaum and Suzanne Brady.

According to Freedman, the main faults of NSA are:

1) NSA is not representative of student opinion because campus political leaders who attend conferences tend to vent their own viewpoints.

Sachs feels that membership would give the UP national publicity since NSA is the only organized group representing American colleges. NSA has a membership of 400 colleges.

Gilson said his committee will study the facts and present them to Student government in the year for a decision.

Turnbull, sponsored the meeting.

Beneath, Twist and Turn

Committee Probes

Freshman class.

The dictates of only Murphree in independent candidates puts us in the platform of the best way to running on their own merits under dent student candidates who are a unique situation. Party candidates who are Hall's "Sidewinders."

Featured entertainment was for the independent candidates, for Legislative Council an opportunity to express their political views. Party candidates; Doug Midgely and John Randolph made speeches. Bob Zinn, campaign manager for the independent candidates, was M.C. for the rally which featured entertainment by Jim Hall's "Bikewinders."

The election on Oct. 4 presents a unique situation. Party candidates are confronted by independent student candidates who are running on their own merits under the platform of the best way to serve the Murphy area.

"I feel the fact that we are independent candidates puts us in the novel position of answering to the dictates of only Murphy area constituents," said Davis, former Secretary-Treasurer of the freshman class.

Dorm Politics Hold Rally

A political rally was held Tuesday evening in Fletcher Lounge in the Murphy Area. Independent candidates; Don Davis, Richard Thibodaux and Nat Turnbull, sponsored the meeting which gave all area candidates an opportunity to express their political beliefs. Party candidates; Doug Midgely and John Randolph made speeches.

"I feel the fact that we are independent candidates puts us in the novel position of answering to the dictates of only Murphy area constituents," said Davis, former Secretary-Treasurer of the freshman class.

Conwell, Phil Wahlbaum and Suzanne Brady, according to Freedman, the main faults of NSA are:

1) NSA is NOT representative of student opinion because campus political leaders who attend conferences tend to vent their own viewpoints.

Sachs feels that membership would give the UP national publicity since NSA is the only organized group representing American colleges. NSA has a membership of 400 colleges.

Gilson said his committee will study the facts and present them to Student government in the year for a decision.
FSU Student Dies From Gun Wounds
US-PSU News Service
A St. Petersburg, Florida State student was found dead last week as a result of apparent gunshot wounds.
Edward J. Plomm, 20, son of Mr. and Mrs. C. F. Plomm, was found by another PSU student who was walking by and noticed the victim's residence. Authorities said a 16-gauge shotgun was lying on the ground near the body. There was no evidence of foul play.
The FSU faculty senate has revised the grading system in physical education courses. The revisions will go into effect this trimester.
Changes are: (1) four trimesters of required physical education, (2) exemption by certification, (3) three class hours per week, (4) one-half hour credit per trimester. These new guidelines are to be given as in other academic areas.
FULLBRIGHT SCHOLARSHIP
Deadline for receiving applications for Fulbright Scholarship Awards is Oct. 15. Forms and instructions for the awards are available at the International Center, Building AE.

By BONNIE SUE GOODMAN
Students in ROTC may be rather surprised to see a girl in uniform marching during drill this year. The Air Force Billy Mitchell Drill Team has selected Judy Lynn Prince as their official sponsor.
The team has distinguished itself in the past by being the first and probably the only drill team in the country to perform in the floor of the Coliseum in the New Orleans Mardi Gras for the King Rex Ball. This happened in 1963. It is also the only organization in the world to have an outstanding personal appearance on the drill field and who has performed in the Coliseum floor.
Col. Smith, the head of the Air Force ROTC department at the UF said that he felt Miss Prince's appearance on the drill field would add color to the Cadet Corps and raise the spirit of the cadets.
"Girls should learn more about marching, what it is, but they act like real gentlewomen," he said. This statement was also expressed by Cadet Lt. Paul Bertolami and Cadet Lt. Clet Helshman, Commander and Operations Officer respectively of the drill team.
When asked of her impressions and opinions about the position, Miss Prince said, "I accepted the position because I thought it would be a lot of fun. It seemed to have a certain amount of glamour attached to it, and it was a UF first.
"Besides, I know nothing about marching, and it was a chance to meet people. Now, I love it. The boys on the drill field have more respect for a girl than anywhere else on campus. I don't know if it's just because they're in uniform, but they act like real gentlemen.
"They're very polite. They don't let you forget that chivalry is still very much in style.
Miss Prince drills every Thursday with the drill team. A sudden increase in interest is already apparent. Could this be the beginning of a female auxiliary to boost the morale of the entire corps, not just that of the Drill Team?"

Sororities Sit Rush
Informal sorority rush begins tomorrow and will continue through November 30.
These girls interested are asked to sign-up in the Dean of Women's office.
Girls who signed up for formal fall rush and did not pledge are already on the eligibility list.

Alpha Phi, Please
WOMEN'S.
The Alpha Omega announcement appearing in Tuesday's Alligator should have included a "phi" in the middle. Alpha Omega is connected with the Order of Athena while Alpha Phi Omega is a service organization.
Thus Alpha Phi Omega will meet Thursday for a Smoker and every Tuesday thereafter.

Prof Rises in AAUP
Prof. John D. Allinie, Psychia-
try, has been appointed to the executive committee of the AAUP to complete the term of Prof. Allen Stevens, economics, who is on a leave of absence.
Prof. Fred Hartmann, political science, has been appointed to the UF chapter, has been nominated to represent the Southern District on the AAUP National Council. Balloting for this office and for other national offices will take place at a later date. All AAUP members whose local dues are paid will vote by mail.

Good Government Can't Lose Face

By DAVID LAWRENCE JR.

Editor Managing Editor

The Hon. Ross Barnett, governor of last report of the "southern state" of Mississippi, really spelt in the United States, to save Ole Miss' eye. Mr. Barnett should now be advised the dubious honor of watching and drooling in his self-created son of euphemism, which he apparently wants Ole Miss and the nation.

EVENTS — two in particular that supposedly bear heavily on this case now have entered into the realm of the superficial — save it if you can.

One: Two deaths at the hands of rioters — that of a Frenchman and a 23-year-old Oxford Miss.PictureBox, box office, box office, was not the issue in the University of Mississippi — federal government turmoil over whether Negro James Meredith has the "right" to enter Ole Miss.

Two: Indeed, neither is Meredith's "right" to enter the main plot.

THUS, BASICALLY and brutally, the issue boils down to this: in a state there are two powers and might — constitutionally or otherwise — to tell the United States everything to "go to hell!" A suitable corollary to this right: Can the federal government and the persons representing it afford to lose face in such crucial issues?

The answer to both is a flat, unswerving "no."

The reasons are these: Through a series of courts, the persons concerned opposed the "pro-Meridian" answer from the courts. After the recent ruling of the U. S. Court of Appeals with again a "pro-Meridian" ruling resulting, the court pointed out that its order had become direct United States government responsibility, i.e., President Kennedy and the Justice Department.

Thus, there should have been no doubt that a basic "law of the land" was in effect, and that demands of that law meant rebellion, or, worse, tyranny.

GOOD GOVERNMENT, in a real sense, can be likened to an umbrella. It must have the power to make unequalled demands. And the probability of decisions must be made. The "inviolate" de-
Tech Game hadnt scored a run in 8-0, first game of this playoff series, the mighty New York Yankees against the mighty New York Yankees and glory. The Yankees and the Dodgers were both coming into Wednesday's third and final game of the Series, racing home from third. The Dodgers had ever taken to play nine innings. The Giants were headed for the big inning, in which a total of 11 runs were scored by the two teams. That turned Dodger Stadium into a madhouse, for the Dodgers were almost throwing it away, for a costly error by Big Frank Howard permitted the Giants to tally the second of their two runs in the eighth and tie the score.

But then came that wacky ninth, a fitting end to a madcap afternoon, in which the Dodgers pulled it out before 3:24,24 fans.

Yanks Ready NEW YORK (UPI) - The New York Yankees, 190 per cent here and heavy for the World Series, raced through a fiery batting drill against front-line pitching in a simulated game Tuesday and then headed for San Francisco where they'll work-out Wednesday in Candlestick Park.

The decision to fly to San Francisco instead of Los Angeles was made several hours before the Dodgers and Giants began their second playoff pennant.

Sec Roundup

LSU - Tech Game

Best of Weekend

By ROBERT GREEN

Asst. Sports Editor

The nationally televised game between Georgia Tech and LSU highlights Southeastern Conference action this weekend as all 12 teams are active.

The game, to be played in Atlanta, will all but eliminate the loser and provide a big national ranking boost to the winner.

Tech has beaten the Gators, 74-29, and Clemson, 29-6, while LSU was held to a 4-4 tie with Rice last Saturday after downing Texas A&M in the season opener.

No matter who wins, however, it probably won't disturb Alabama's first place hold in the Associated Press standings. The Crimson Tide is 2-0 in league play and faces Vanderbilt in Birmingham Saturday night.

A win for the Commodores would be the biggest upset since David Beat Goliath. Vanderbilt has lost its last ten games going back into last season and was beaten by Georgia, 16-0 last Saturday. The Commodores smashed Tulane, 41-0, a Friday night game.

Tulane will get no rest however. The game is for the Commodores to win to meet mighty Texas in another mismatch involving SEC teams. The Longhorns warmed up for the contest by caving, at over Texas Tech, 34-0.

Mississippi State, which had the week off after its 29-0 defeat by Florida, will meet Tennessee, host to Auburn, 22-21, in Memphis in a battle of winless teams.

Auburn, the victor in that wild game, will play Kentucky in Lexington. The Wildcats have yet to score this year and lost to Mississippi, 14-0, on Saturday after a 6-6 tie with Florida glided the week before.

In two non-conference games, Georgia goes to Columbus, Georgia to play South Carolina and the UP Gaaters tackle tough Duke in Jackson ville.

callaway mills company LaGrange, Georgia, a nationally known textile manufacturing company producing a highly diversified line of quality textiles, will have a representative on the campus Oct. 15 (non-technical) and 16 (technical) interviewing students majoring in marketing, sales, production, engineering, research and product development. Please make arrangements for an interview with us at the University Placement Office.
