We’re here to bring hope to other people.
Katie Couric is joining Yahoo to anchor an expansion of the Internet company’s news coverage in a move that she hopes will help permeate other broadcast TV veterans to make a transition into online programming.

The announcement confirms recent published reports that Couric is hoping to attract more viewers on the Internet after spending the past 22 years working as a talk-show host and news anchor at NBC, CBS and ABC.

“I am particularly excited about this transformative time in terms of persuading other broadcast TV veterans to make a transition into online programming,” Couric said in an interview with The Associated Press. “We are in a major transition as a country and a media industry in this country.”

Yahoo’s four-year- contract with Yahoo was not disclosed. She also declined to say how many reporters will be added to her show.

Couric, 56, will continue to host her daytime talk show through the end of 2011. Couric’s deal with Yahoo’s global anchor” beginning early next year. She described her new role at Yahoo as “to determine how living conditions affect the quality of life.”

“If you’re curious, if you’re observant, maybe you’ll notice that there aren’t always as they seem,” she said in an interview at the company’s offices. “We’re trying to create a space that’s full of surprise.”

She held a restaurant, called The 140-seat restaurant, called ‘Sloppy Joe Was’ Pudlanchuk acquired three empty slimming warehouses in the Manhattan’s Chelsea neighborhood and renamed it McKisic’s Flight. He filled five stories of the warehouses with hundreds of cows, a cemetery and an indoor forest to create a theater-and-dance space with elements of both Shakespeare’s ‘Macbeth’ and Alfred Hitchcock.

“Never ruin an apology with an excuse,” — Benjamin Franklin

Bomb threat man sent to hospital

JACKSONVILLE — A man who made a false bomb threat at the Jacksonville International Airport was taken to a federal medical facility in North Carolina because he had no more food on his person.

Zelko Canesvic, 39, has been in jail since Oct. 1, when he was arrested on charges that he falsely told a security screener that he had a bomb in his backpack as he tried to enter the airport’s passenger area. His claim led to a five-hour closure of the airport, the cancellation of dozens of flights and the stranding of passengers overnight. Many passengers were stuck on airplanes for hours before being taken to the terminal.

The truck driver’s backpack only contained an empty coffee mug, two batteries and a microphone, authorities said.

U.S. Magistrate Judge James E. Hargrove, on Monday, Nov. 20 that Canesvic suffered from “a serious dissociative or border line personality disorder and told the court Canesvic initially was sent to a mental health facility sometime after authorities learned he took a sleeping pill that U.S. Marshal decided to send him earlier due to his mental condition.

Canesvic was being transported to the Federal Medical Center, Butler, early Tuesday.

Klined referred Canesvic to stay there instead, even after medical officials complete a report on his mental competency, to avoid having to transport him to the Jacksonville and North Carolina as the case proceeds.

The weather: Where farm and city meet

COUNTY Comissioner Scarlet Frisina from (from left), Columbia County Farm Bureau President Carl Copeland, Munc farmer of America Dales, 17, and Gainesville Farm Bureau member Frankie Hall enjoy a luncheon Tuesday afternoon in honor of Farm City Week, recognizing the interdependent relationship between urban areas and the agricultural industry. "You can’t have one without the other," Couric said. "This week is a reminder both farmers and city folk that they need each other."

"I am particularly excited about making a transition into online programming," Couric said in an interview with The Associated Press. "We are in a major transition as a country and a media industry in this country."

“They love him,” said Snook’s activities director Madison Couch. “He has a really sweet spirit — to give to others instead of himself. It’s hard to find that, especially in teenagers.

For the second year in a row, Skyler’s birthday — in a sense — was spent at Snook, Colley added. And this year, his passion has spread. He brought in more friends with him to help hand out gifts. His goal is to get more participation every year.

“People just don’t realize how many places people do have visi- tors. Skyler said. “Imagine if you’ve been sitting in a nursing home for years without anyone coming to visit you. That’s what some of them are going through.”

As Skyler and his friends walked from room to room, handing out gifts and smiles, the residents thanked them. Some residents held to the teenagers hands, tears pooling in their eyes. Others offered kooks, hugs and returning smiles.

What really caught me was when Mr. Beek said it’s really nice to see that someone actually cares about us,” said one of Skyler’s friends, Logan MacLaren. “It made me feel nice to be able to help some people out.”

Skyler carried a homemade quilt into one of the nursing home rooms, covering 88-year-old Betty Weaver with its soft flannel print. Skyler and Weaver talked for a bit about her grandchildren, who graduated from the University of Florida, and her nine grandchildren.

She told him how nice it was for the group to visit.

“It makes you feel good because it’s so heartwarming,” Weaver said. “You’re in a strange place.”

Skyler, his friends and his mother, Helen, all thanked the caregivers at Avalon Healthcare and Rehabilitation Center for everything they do for the residents.

Skyler wants to start an adopt-a-grandparent program where teenagers find an elderly individual living in one of the nursing homes around town and visit him or her a couple times a month.

It would give the students the chance to spend their Saturday doing something meaningful, he added. He has also planned to form a community group that will help with service projects around town, such as volunteering at the animal shelter, visiting nursing homes and stop bully- ing at the local schools.

“Start putting words out loud. I am,” Helen Colley said. “It gives me chills. I feel like he’s already done more in his 18 years than I’ve done in my life. I actually think they’re going to take you. If they continue on this path, I think they’ll accomplish a lot more in this town than we can imagine.”

Millions of Christmas lights ready for viewing

From start reports

**LIVE OAK**

Nineteen Christmas Lights have been turned on from the community since the first event was held in 2001, according to foreman James Green, who said more people were expected to take part this year. The lights are expected to be on through the end of the year.

Christmas lights are visible in many parts of the city, lighting up the night for those who choose to watch.

A Columbia County fire- fighter passed hot plates of scrambled eggs and cheese to the Quicks as they watched rain fall out- side the window of county fire station 48 along Race Track Road.

"Those three here are the real hometown heroes," he said. "They train everyday for what they do. If you see them in the grocery store or when you’re out, reach out and thank them."

The 1839 formation of the American Statistical Association marked a significant milestone for the development of modern statistical thought and its applications. This event not only reflected the growing interest in the quantification of societal phenomena but also highlighted the early contributions of America to the field of statistics. The formation of such a professional body was crucial in fostering a community of scholars dedicated to the advancement of statistical methods and their practical applications. The American Statistical Association, as an early example of a professional statistical organization, paved the way for future developments in the field and continues to be a vital platform for researchers and practitioners in statistics today. 

Arabs live in Israel, too

Deryo Murdock

Arabs have lived in Israel for hundreds of years, and their communities are an integral part of the social fabric of the region. The presence of Arab citizens in Israel is not just limited to the urban areas but extends to rural regions as well, contributing to the diversity and richness of Israeli society. The ongoing dialogue about the rights and status of Arab citizens in Israel is a testament to the evolving landscape of political and social issues in the country. The rights and freedoms of the Arab community are essential to maintaining a just and peaceful society, and continued efforts are required to address the challenges faced by this population. The recognition and inclusion of Arab citizens in the political and social decision-making processes are crucial for achieving a more inclusive and equitable society in Israel.
Helping children learn to read

Aluna donated 20 children’s books to the Children’s Home Society Visitor Center as an Aluna service project and in support of CHS’s Book Initiative. The books will be utilized to promote positive parent-child interaction and literacy in the families served by the Visitor Center. **UM hospital opening new helipad**

MIAMI — The University of Miami Hospital is opening a new helicopter pad, making it easier for medical professionals, including physicians and nurses, to fly to patients in need. Balahamas Minister of Health Dr. JerryCover is excited about the new helipad Monday’s official opening of the hospital on the university’s fifth floor, said University of Miami President Donna Shalala. Hospital CEO Dan Snyder says the helipad will be a key drop-off point for medical personnel and supplies. It also enable people from across the Americans to more easily take part in the hospital’s research and clinical trials. "It’s been a dream of the University of Miami Hospital has 560 beds and allows access to physicians and other care- ers from the Miller School of Medicine in the face of competition from related hospitals in Beverly Hills and Wal-Mart that have added medical services. "It became a marketplace where everybody was doing a little bit of everything,” said Jack Horst, man- agement. "They want to label me a hero,” he said. "I was just doing my job..." he said. "I was just doing my job..."
Columbia High's Darrell Jones goes up for a shot against Union County High in the Tigers' win on Tuesday.

By BRANDON FINLEY
bfinley@lakecityreporter.com

Columbia High opened up its home schedule with a convincing win over another set of Tigers on Tuesday. The home Tigers started strong and never looked back in a 79-43 win against visiting Union County High.

Columbia opened the game on a 50-0 run before Union County scored its first basket and had a 30-5 lead by the end of the quarter. Darrell Jones had the hottest start, scoring seven points in the first quarter.

Union County started the second quarter on a 13-0 run before Hall hit a three-point shot to give Columbia a 47-30 lead heading into the final period.

The Tigers would bring out the running clock soon after Robert Dare hit a three-pointer to start the fourth quarter.

"The outcome was as expected," Columbia Head coach Horace Jefferson said. "They were without some of their starters. I think we did some things positively, however, and there are signs that point us in the right direction. I'll continue to stress playing competitive and basketball intelligence. The 'Double D's' (Darrell Jones and Dillian Hall) play the same position, but they're part of that committee that we need to replace Morris Marshall."

The two did well replacing Marshall in their first attempt. Both players scored 16 points to help lead the Tigers.

Simmons was the only other Tiger in double digits with 12 points in the contest. Columbia (1-1) will take the next two days off before travelling to Suwannee High at 7:30 p.m. on Friday.

Fort White High's basketball team gets pumped up before its 72-69 win against P.K. Yonge School on Tuesday.

By TIM KIRBY
tkirby@lakecityreporter.com

The Blue Wave scored the first five points of the game, then Jalen Wyche answered with five points of his own. Melton Sanders added two baskets and Wyche hit the second of his five three-pointers in the game.

P.K. clawed back and scored the final six points of the quarter to take an 18-17 lead at the first buzzer. Jarvis Roberts scored eight points in the second quarter, as P.K. pushed its lead to 36-30 by Tre Simmons. Dillan Hall's dunk made it 18-3 at the start of the third quarter.

Carmen, Perry, Sanders and Chris Jefferson scored 10 points each in the third quarter. After a Wave basket by Fred Carmens, Perry, Sanders and Chris Carmens scored four for Fort White to push the lead to 10 points at 59-49. Carmen, who scored 12 points in the quarter, and Stephen Brown, who scored 10, kept the pressure on the Indians, but balanced scoring carried the day. Carmens and Wyche each scored six, with five from Sanders. Porter's trey and a basket by Perry in the quarter.

With Fort White climbing to a one-point lead, Wyche sealed the deal with two free throws. Wyche finished with a game-high 27 points. Sanders scored 16 points and Carmens scored 10. Perry and Porter scored six each and Sanders scored five.

"It was our first game and you could tell," Phillips said. "We were slow getting up to game speed, but I was proud of their effort. We have yet to get smart and know the situations at the right time." Brown led P.K. with 15 points. Carmen scored 16 points and Roberts had 12. P.K. Yonge won the junior varsity game, 54-44.

Fort White plays Suwannee High at 7:30 p.m. Dec. 3 in Live Oak.
Daly continues comeback in South Africa

Associated Press

MALELANE, South Africa — John Daly will play in his country’s Open this week, and the Tour’s Alfred Dunhill Championship in November, after he comes back from surgery.

The two-time major winner was in the field at Leopard Creek Golf Club near Kruger National Park in South Africa for only his second tournament this year because of injuries. The American golfer got to Harare from South Africa to heal in July to repair a shatted kneecap, he said.

The American got to the Harare airport in a first-class seat from Johannesburg aboard a British Airways Flight, he said. His knee injury occurred in late March at the opening event of the season, the Sony Open in Honolulu. He putted poorly that week, and he didn’t play again until this week.

“I’m really, really proud to want to play.” Daly said in Harare.

Daly wants to see if he will play next year. “I don’t want to waste too much time this year. I want to be able to figure out the game back so I can play again this year. I want to get on track for my return to the Majors,’ Daly said.

Daly returns to South Africa for the first time since the early-1990s, when he had two top-3 finishes and a tie for third.

“I’m just really, really proud to want to play.” Daly said in Harare.

Daly last month’s BMW Masters in Beijing, China, failed over the weekend with a 75-78 for 148 in a tie for 48th.

Daly, who has three wins in South Africa, said in Harare, “I’m just really, really proud to want to play.” Daly said in Harare.

Daly said when he returned to the Majors after a 15 year absence he “never imagined” he would play again after he shot 86-77 for 163 in a tie for 80th in his major debut in 2009.

“I never imagined I would be able to compete in the Majors this early this year. It’s a big surprise after I’ve had two really bad years in a row,” Daly said.

Daly also said he wants to play in the 2014 U.S. Open at the Olympic Club in San Francisco on June 16-18.

Daly also said he wants to play in the 2014 U.S. Open at the Olympic Club in San Francisco on June 16-18.

Daly also said he wants to play in the 2014 U.S. Open at the Olympic Club in San Francisco on June 16-18.

Daly also said he wants to play in the 2014 U.S. Open at the Olympic Club in San Francisco on June 16-18.

Daly also said he wants to play in the 2014 U.S. Open at the Olympic Club in San Francisco on June 16-18.

Daly also said he wants to play in the 2014 U.S. Open at the Olympic Club in San Francisco on June 16-18.

COLUMBIA 18  

By JASON MATTHEW WALKER  
/Lake City Reporter

The Tigers take a break for the holiday before returning to the field at Gainesville game on Dec. 7.

Tyler said the break is due to a tournament at Willow High being can-celled, but will help the Tigers try to turn around their 1-5 start to begin the season. The Tigers (1-5) are 11-1-4 in District 5A-2. The boys are 0-6 with eight of the losses in district play.

Fort White travels to Keystone Heights High on Monday games are at 5 p.m. January.

The Shootout Afternoon Shootout will have four teams and 8-10. Each league is $225 (a $25 discount) and includes drinks and snacks. Offerings after a pheasant shoot will be 1-5 a game. The Shootout Afternoon Shootout will have four teams and 8-10. Each league is $225 (a $25 discount) and includes drinks and snacks.
DEAR ABBY: I was married to a man who ruled my every move. After years of torture and abuse, I finally became frightened enough to leave. Since then I have met a wonderful, caring, loving man who would trade for the world. He treats me with kindness, respect and love. He makes me laugh and smile in a way I never have before. I am allowed to be myself and function independent. I am happier than I have ever been.

My question is, sometimes I become paranoid and physically abusive to him. I want to partner with you. Do I have an innate or real desire to do this to him? These lingering thoughts trouble me far more than normal. What do I do? I don't have a girlfriend to confide in — who can I talk to? DEAR FOUND: I'm touched that you would confide in me. Yes, you are missing. I am filled with a sense of deep emotional pain, and will continue to be so until you return.

L. TURCO

Dear Abby: What do I do? I don’t have a job and I don’t have any money. I just want to get away from my current relationship. I am unhappy and I want to leave him. I would never leave my current relationship if it was not for my two kids, I am now 39 and I have 14 years of torture and abuse. My current relationship is just as bad. I have been abused verbally and physically. Is it worth it to stay or do I have to move on?

Thoughts of leaving him come to mind. I was speaking to a friend of mine about my situation. She mentioned that she was in a similar situation. She confided that one day she decided that she had to leave for her own and her children’s safety. She mentioned that she did not want to face the shame she would have brought upon herself by staying in the situation. She told me that I was not alone. She encouraged me to leave. She told me to get help and the right treatment.

DEAR ABBY: I am married to a man who rules my every move. After years of torture and abuse, I finally became frightened enough to leave. Since then I have met a wonderful, caring, loving man who would trade for the world. He treats me with kindness, respect and love. He makes me laugh and smile in a way I never have before. I am allowed to be myself and function independent. I am happier than I have ever been.

She told me to get help and the right treatment.

DEAR ABBY: I'm having a great weekend. I have only one quirk. He often forgot to zip his fly. At home, who cares? But it happens in public too often and creates an uncomfortable scene when my friends are around. Should he be hard on him, or just sympathize and keep my mouth shut? And what should I do when it's clear that he's the only one who doesn’t see — IT JUST ZIP IT?

DEAR JUMP ZIP: Has your husband always forgotten to zip his fly, or is this a longstanding something recent? If it is recent, and you have noticed of other lapses in what should be automatic behavior, then it’s time he had a neurological evaluation by a physician. Because that happens with some frequency, work out a code with him so that he can subtly let you know he is in trouble, doesn’t do it. — DEAR JUST ZIP IT.
