MRS. BUSHNELL'S AFTERNOON

A sunny event of universal interest was the reception given Saturday at the home of Mrs. Albert W. Gilchrist.

Mrs. Bushnell's parties are always delightful, and especially so at the height of winter, when the fact of the circumstance that the hostess is gen-

erally and warmly loved by Osceola, and her charming residence is located on the north side of Lake Osceola, is an added grace to the occasion. A visit in your pleasant way. It is a real delight to pass through the many rooms and arcades in the house and see the beautiful gardens and terraces furnished by the owner herself. The reception was a social event of great importance, and the guests present delighted in the gay and picturesque surroundings. The house is elegantly furnished, and the decorations are carefully chosen and arranged, to make a perfect picture of winter beauty.

The guests present included a large number of the leading citizens of Osceola, and all were received in the most cordial manner.
