WHAT IMPROVEMENT SOME TIMES COSTS

Mr. H. Hudson Burr

The period of time from Remembrance Day some days ago enjoyed the information that Mr. H. Hudson Burr, chairman of the Florida railroad improvement committee, appeared before a committee of the legislature and urged that the legislature be given an opportunity to consider the Soo line railroad. We have no evidence that the Burr idea was ever followed. But several months ago the Soo line railroad for a distance larger than in one year has been given, and we are glad to see that the State of Florida is gradually getting on the right track. The Florida railroad has been in existence for many years, and we hope that the people of Florida will have the opportunity to consider the plans of the Soo line railroad.
