85 Cereal Improvement Program

85 Introduction

85 Maize
86 Genetic improvement
95 Entomology
96 Semi-Arid Food Grains Research and Development Project (SAFGRAD)

100 Rice
100 Genetic improvement
109 Pathology
109 Physiology

117 Grain Legume Improvement Program

117 Introduction

117 Cowpea
117 Genetic improvement
124 Entomology
130 Upper Volta Food Legumes Program
131 Semi-Arid Food Grains Research and Development Project (SAFGRAD)
134 Tanzania Food Crops Research
137 Brazil Cowpea Program

137 Soybean
137 Genetic improvement
143 Entomology
149 Agronomy
155 Tanzania Food Crops Research

155 Microbiology

161 Training Program

163 Research Support
163 Introduction
163 High-rainfall substation
163 Research station operations
163 Screenhouses and the plant growth facilities
163 Genetic Resources Unit
166 Virology Unit
171 Analytical Services Laboratory
171 Biometrical Unit
171 Conference Center
171 Library and Documentation Center
172 Communications and Information Office

173 Special Projects
173 Introduction
174 Training and collaborative research projects
174 Core supplementing projects

175 Personnel

177 Collaborators and Training

180 Publications

182 Conference and Seminar Papers

185 Major Seminars
