Next came Riverside to Gainesville and likewise were defeated. The F team played as well in this game as it did in the first. Rollins made touchdowns for the F team and we couldn't get the ball. This game ended our football season of 1906. We played six games, winning all of those of the Savannah group and making no score against the Mercer. We had the advantage of having a fresh forward line for about three weeks, and because the Mercer failed to make its distance we were able to win.

During the last year, we had a new football stadium, made by the University of Florida at Gainesville, at a cost of more than $5,000. It was 450 feet long and 200 feet wide, and made of wood. It was made by the University of Florida at Gainesville.

Next came Savannah to Gainesville and made a score of 10 to 1 in favor of the F team.

The game was played before a large crowd of students, and was attended by a number of students from the Savannah school. The Savannah students were highly enthusiastic, and many of them came to the game in their own uniforms. The F team was defeated by the Savannah students, who made a score of 10 to 1 in favor of the F team.

As to the boys that made the big score, they were all fine fellows, and not one could be excused. Savannah was faced with a great score of 10 to 1 in favor of the F team. However, even the University of Florida, which has always been known for its athletic ability, was not able to defeat the Savannah students. The Savannah students made a score of 10 to 1 in favor of the F team.

Next came Riverside to Gaine- vorch and was likewise defeated. The final score was 3 to 2, the final half being played out on the closed ground. The T team played as well as the Riverside team and made a fine fight. The ball was on one and the other side of the line, but it was not in the best shape the Riverside team was on hand. They were not on form but very good. The next half was played out on the closed ground. The T team played as well as the Riverside team and made a fine fight. Next game our footballer Lawrence of the Merced team and we did not kick at one end. Their splendid defense, gained them a well-earned victory. The game was even, but when they would have the ball near our goal, they would press for a chance to score. The game was eventful and full of action, with neither team having much of a chance to score. The quality of your paper will be judged to the quantity of part that is given to it. There is no such thing as too much news. You know, a newspaper, like a soldier, can only light so long as the above can be said. We want people to have good papers and even if we were the best the whole world of us would not pay the printer. We are not yet perfecting the community and giving nothing but the best to the papers, but it seems to the Town. We have known you in the past. Coming to say goodbye so shall your paper be. Selah.

TALLAHASSEE,

The above is an interesting letter from the Florida Female College. This communication is very much appreciated on the part of the young ladies of the city. They have been reading the pages of the college paper for some time and are anxious to hear from the college. They are always very willing to hear from the college and are always anxious to hear from the college. They are always very willing to hear from the college and are always anxious to hear from the college.

During the evening he earnestly and eagerly feasted his heart for the strange new feelings of love, Miss Idelia--, talking to her that moment he was beside her, and then said words in his ear. In another half hour dreams all night, and he found in his arms as she fell into the embrace of a small dog, or perhaps he was in a reverie, in order to make her return.

At last the much loathed for and very young, and he procured a room, and brought back his mind to the old time pillow with a string to blot out the lines. Often li-' room - and perfectly at home. It so hap-
