NEWS FROM	Fort Pierce

Telephone Company Improving.

The Indian River Telephone company has instituted a number of improvements in its works. A 100 drop switch board has been ordered in place of the one now in use, taller poles will be set and more wires will be strung. Connections will be looked after and fewer phones will be placed on a line. Nothing will be neglected to make the service reliable.

Crockett's Revenge.

There is a story of Crockett of "Stickit Minister" fame to the effect that when he offered his first volume to a Scotch firm they returned it with a polite note assuring him that there was no market for that sort of thing. The letter was marked "No. 356b." In later years when the same publishers asked him for one of his manuscripts he politely requested them to refer to their previous correspondence with him marked "356b."

Etiquette Among Fleas.

Rules Laid Down to Preserve the Dignity of Their Chamber.

Fetch of the Drug Trade.

"Never ask for the copy of a prescription at the time you buy the medicine," said the dyspeptic looking man. "In nine out of ten drug stores they will tack 10 or 15 cents to the regular price of the medicine if you do. That of course is contrary to professional etiquette. Druggists are not supposed to charge extra for furnishing a copy of a prescription. If you will wait a few days and ask for it, unaccompanied by a bottle of medicine, they won't have the nerve to do it, but when the two are prepared together they can gain some compensation for their extra work and the loss of a possible customer without anybody being the wiser."—New York Press.

Divers Paralysis.

This Disease Affects Its Victims Only Out of Water.

"With the paralyzed sponge diver it is the same story. Only, since he lacks a heavy shoe to his arms to bear him down to the bottom, he must be carried to the boat's side and dropped over board.

"These paralytics are like fish—awkward, helpless, flopping hideously about the deck, but the moment you toss them overboard away they dart, flick, graceful, dolphin-like."—New York Herald.

We don't generally associate the Bible with business matters, but if you were told to name the first business woman mentioned in the Bible what would you say?

It was Pharaoh's daughter, because she took a prophet out of water.—New York Times.

There should be as little merit in loving a woman for her beauty as a man for his prosperity, both being equally subject to change.—Pope.
