Honorable C. Farris Bryant  
State Representative  
Gcala, Florida

Dear Farris:

Hart Long has the Kiwanis program for July, and would like very much to have you appear on one of them. You may talk on any subject of your own choosing, but he thought your plans for the 1952 Legislative session would be particularly interesting to our group. As you know, you usually have not less than twenty and usually thirty minutes on the Kiwanis programs over here. If you can come over any Wednesday in July, let Hart know which one you would like to take, so that he may schedule it and work out the rest of his program around it. Why don't you bring the family on over, and I will arrange to take the afternoon off and we can go to the beach.

Cordially,
