JACKSONVILLE, FLORIDA

[At Gainesville, Fla.]

Dear Farris:

Thank you for your letter September 20, and certainly while I have no desire to make my invitation innocuous, I do want you to know nothing would please us more than to have you and Julia bring Mr. and Mrs. Oehlert by our party for the luncheon prior to your going to the game. As you know, we will have people from all over the state and both you and the Oehlerts would undoubtedly see many of your good friends. This is merely to assure you that if it should work in with your plans, we would indeed be pleased to have you with us.

With warm regards always, I am

Yours sincerely,

Honorable Farris Bryant
