

May 31, 1965

The Honorable Robert Morgan
25 West Flagler
Miami, Florida

Dear Bob:

I've just had a delightful three or four days out of the State, soaking up a little fun and sunshine and getting the first complete relaxation in a long time, and while I was there I had a treasured opportunity to reflect on how greatly I am indebted to you. The services you performed in political activities, in giving of yourself so generously to the Board of Accountancy and to the Racing Commission, and finally your acceptance of the responsibility as a member of the Board of Regents -- all of these things being discharged with credit to yourself, me and the State -- were a remarkable story of selflessness.

Please accept this assurance of my continuing gratitude to you, and the hope that your great service to the State will continue to be recognized.

With warmest personal regards,
I am

Sincerely yours,

Farris Bryant
