Peabody Hall

Dear Farris:

An enclosing some good statistics for Ocala for 1933-1936. These were gleaned from files of Ocala Morning Banner. Am sending you these for any immediate use you may have, I am keeping carbon copies to use in making survey of trends, 1935-1959.

Plan to search the Ocala Banner files for late 1958 and 1959 to this date and see if I can get more materials on which to make trend survey, and will post you such materials tomorrow.

Checked Sunday, July 26, 1959 edition of Orlando Sentinel and found figures as you mentioned. Said figures released by Fla Development Commission:

Marion County: new homes- 1959 - 370 (times 3.4 persons per home: 1,258)

" " : population: 1959 estimate: 51,000

Will work these figures into study. What is deadline for getting final draft of survey to you? Shall I bring them by hand?

Sincerely,
