Honorable Ryozo Okuda
Governor Nara Prefecture
Nara City, Japan

Dear Governor Okuda:

It was so very kind of you to write the letter I just received dated January 28, commenting upon the Christmas card it was my pleasure to send to you. Your surprise that I have retired from the Governorship is correct; in Florida it is not possible for a Governor to be re-elected and I am, therefore, at this time practicing law in the City of Jacksonville.

I note with pleasure that your son may be in the United States soon. If so, I would appreciate so much an opportunity to visit with him.

Sincerely yours,

Farris Bryant
