The Honorable C. Farris Bryant, Governor  
State of Florida  
Tallahassee, Florida

Dear Governor Bryant:

I simply wanted you to know how much Rosemary and I enjoyed attending the ceremonies honoring you and Mrs. Bryant in Ocala yesterday. I know it must have been a source of great satisfaction to both of you that so many "home town" friends turned out to express their appreciation for your outstanding leadership.

All of us in Florida's junior college system are well aware of your accomplishments in education and in other important fields. It was a privilege for us to represent this college and this community at the C. Farris Bryant Appreciation Day.

Congratulations and best wishes for continued service to the state and nation.

Sincerely,

Roy E. Bergengren, Jr.
