Dear Farris:

Enclosed herewith is copy of a letter I have written George Smathers urging the appointment of Sherman Smith as United States District Judge, Southern District of Florida.

Knowing of your especially high regard for Sherman, I hope you will use your many talents to bring about this appointment.

The returns clearly show that there was an anti-Johnson vote which benefited the entire Republican ticket. There was also clearly evident the active participation of Governor Burns in behalf of Kirk. We will never know whether it took the combination to bring about the result or whether any one of them would have done it without the other.

Yours sincerely,

CHARLES O. ANDREWS, JR.
