Dear Farris:

I am sorry that we have not had an opportunity to get together recently, as I have desired to see you for quite some time, both for pleasure and to discuss your future plans. Since your recent visit to Miami and your speech while you were here, I have been contacted by several persons who were not associated with us in our joint effort of the past and whom I believe would very much like to support you in any future efforts.

Since I last saw you I have become associated with Mr. George H. Salley, whom I would like you to meet, if you have not previously done so.

It also comes to my mind that in addition to such plans of a political nature as you might have, that you have from time to time considered other ventures in our fair city, and I would very much like to discuss those with you when you again visit Miami.

Please, if you have the opportunity, contact me, either at FRanklin 9-1686 (office) or PLaza 8-1478 (residence) on your next visit to Miami, which I sincerely hope will be in the very near future.

Please convey my fondest regards to Mrs. Bryant and if you are real thoughtful, you might bring her on your next trip to Miami, as I am sure all of us look forward to the pleasure of her company, as well as your own.

With highest regards and best wishes, I am

Very sincerely yours,

*Bill*
