711 Barnett National Bank Building
Jacksonville, Florida

Dear Farris:

The officers and directors of this Chamber of Commerce, at their meeting March 17, very properly took notice of your appointment to head the Office of Emergency Planning and directed that a letter of congratulations and best wishes be sent to you in their behalf.

Naturally, we are quite happy with the President's choice of you to head this important agency. We feel your service in this new capacity will be meaningful to you and to Florida. Certainly, our thoughts are with you and your family.

Cordially,

John Marshall Green
President

P.S. I would send her best -
