March 21st
19 52

Honorable C. Farris Bryant,
M & C Bank Building,
Ocala, Florida.

Dear Farris:

George Burke, Chief Attorney for the Florida Regional Office of the Veterans Administration, has written me about the situation with reference to approved attorneys for handling Veterans loans.

George says that there have been but few Direct Loan cases in the Ocala area, and of course you know they have an approved attorney there. However, they have assured me that they will approve you if you are not related to or an attorney for any of the employees of the Veterans Administration in the Florida area. I have written that I felt certain you were not so related but believe it would be advisable for you to write him directly.

We're still talking about the wonderful time we had when you were here.

Most sincerely,

A. S. Herlong, Jr.
