Dear Farris:

Mitzi and I shared with you and Julia by way of television the gratification in the accomplishment of your goal. Our thoughts and prayers will be continually with you as you go about the task of serving this great state as Governor.

There is so much that can be accomplished by you as a dedicated public servant in the bringing about of constitutional revision, reapportionment, consolidation of tax collecting agencies, and the modernization of our state structure.

Mitzi joins me in this expression of sincere good wishes to you, Julia and the girls.

Sincerely,

CHARLES C. ANDREWS, JR.
