Honorable Farris Bryant

Dear Farris:

Thanks for the letter just received. I had one ready for mailing to you but will now do it over. Hope you all enjoyed rich experiences in Chicago. Have been keeping up with you. My wife and I have reservations for the Tampa Caucus with fingers crossed for her physical ability to attend.

After a rough May 27 climax I find this third primary a real ordeal. My three vote lead can be positively attributed only to Him.

You recently asked me to indicate my committee choices for your record. Here they are: Rules and Calendar, Appropriations, Livestock, Agriculture, Claims and State Pensions, Public Roads and Highways. I certainly hope you can make me Chairman of one of these committees.

You of course are already assured of my loyalty in the coming House organization. My present thinking is that I will be a staunch supporter of yours nearly four years from now. See you in Tampa.

Thank you.

Sincerely yours,
Hugh Dukes
