The Honorable Ferrin C. Campbell
Crestview
Florida

Dear Ferrin:

The pleasure of association with you and Mrs. Campbell is one of the great rewards for me for the time spent in the Legislature. Your sincerity, your tenacity, your devotion to your convictions of the best interests of Okaloosa County and Florida, and your fine spirit in the battles we joined were a constant source of satisfaction to me.

I do hope that you are as genuinely desirous of working with me for the best interests of Florida at the next session as I am of working with you. Whatever my numerous faults, vindictiveness is not among them, and I would like to count you as much among my friends as though you had been able to see the Speaker's race another way.

Please stop by and visit Julia and me at your convenience, so that we can talk over our mutual problems of the past and future.

With warmest personal regards to you both I am

Sincerely yours,

C. Farris Bryant
