Mrs. Ouida Baggett Regan  
8 Palm Place, Star Lake  
Warrington, Florida

Dear Ouida:

You have been very busy lately, and I have been out of town so much that I have had no occasion to call you. I need your help with quite a few people throughout the State, and you can help with this group.

I have in mind the men who are interested in building homes throughout Florida. You are the only lady in the group, but you do know all of the men connected with these various businesses.

I am sure that we can raise a good sum of money from this group. Would you be good enough to call or write them and secure their financial help? Certainly, you know the best way to approach these men, but if I can assist by calling any of them or following up your calls, please let me know.

I might need your assistance locally during the holidays, but at this time our local Escambia County friends are performing wonderfully well, and your assistance with your many friends throughout the State would be much more beneficial.

Please have a good Holiday Season and visit with us as often as you can. Mrs. Pace joins me in sending best wishes.

Sincerely,

JCP-pc

Bcc. Mr. Farris Bryant ✓
