Dear Farris:

Thanks a million for your short note of encouragement during my illness and you will never know how much I appreciate the time and effort you took to send the same.

I'm finally out of the hospital and it sure seems good. However they have me on strict bed rest and very few visitors at this time. I'm hoping to be back in the saddle in January, if all goes well.

Wishing you luck in your coming campaign and I'd like to hear more from you in regards to same.

With best personal regards, I remain,

Sincerely and cordially yours,

JOHN M. HATHAWAY
STATE REPRESENTATIVE
