Dear Farris:

Certainly was sorry to learn of your unfortunate accident yesterday, but delighted to know it wasn't more serious. I trust your wife and little girl are feeling much better.

I am definitely planning on opposing T-Bone for the Legislature next year. He has told me and several others here in Sanford that he was not going to run again and would assist me in any way to get elected--but word has come to me now that he is out to beat me and be re-elected. However, in spite of his decision to run again, things look good and right now I feel very optimistic.

I hope to see you soon and may call on you for some sort of help later on.

Express best regards to your wife and family.
With kindest regards, I remain

Sincerely,

Mack N. Cleveland, Jr.
