January 28, 1960

TO: All County Campaign Managers & Chairmen  
FROM: The office of Farris Bryant  
SUBJECT: County Committee Chairmen, The Younger Democrats  
for Bryant, General Information

#### COUNTY COMMITTEE CHAIRMEN

Our immediate goal is the selection of important committee chairmen. The workload will increase every day and the committee chairmen must begin now to procure the personnel necessary if we are to be prepared when the campaign moves into full swing.

Top quality men and women can be lost to other candidates unless we give them a useful function in our organization. But, we must not sacrifice "quality" in our haste to fill the committees.

Enclosed you will find a form asking for information regarding the committees. When this form is returned we will forward to each of your chairmen, material they will want to use in the organization of their committee.

#### THE YOUNGER DEMOCRATS FOR BRYANT

You are no doubt aware of the organization of young men who have joined our team. There will be an effort to reach the young people between 21 and 35. Their program has already resulted in more than a thousand commitments. This group can be of great value to the county organization, and I urge you to cooperate, guide, and utilize their services to the fullest extent.

The Area Chairmen of this group are now setting up the county organization and will contact you for recommendations and suggestions.

To coordinate this group with the county organization, you might find it advantageous to appoint the county chairman of the Younger Democrats to your advisory committee.

#### GENERAL INFORMATION

The new address for all matters concerning the campaign is P. O. Box 1773, Ocala, Florida.
