

Farris Bryant, your Democratic Candidate for Governor, says

"ENTRUST THE FUTURE PROGRESS OF FLORIDA TO MEN OF PROVEN LEADERSHIP AND EXPERIENCE"

"Your state government touches all our lives in a most direct way. Among its more important responsibilities are the operation of your public school system and higher educational facilities, road construction, highway safety, the conservation of our state's natural resources, a health and welfare program for our needy citizens, the care of mentally retarded children, the development of agriculture, industry and tourism, and a fair and equitable tax structure. Another important responsibility of your elected public officials is the maintenance and protection of the rights of the

sovereign state of Florida under our Constitution. Your Florida Democratic candidates for state office will bring a program of action and progress to Florida. With all of us working together, Florida will realize the full potential of its promise and growth so that you and your children will reap rich rewards in happier living. I ask for your help . . . for myself and for all the members of the Florida Democratic team."
