Hon. Tom Adams
Secretary of State
State Capitol
Tallahassee, Florida

Dear Tom:

Because of the many significant developments emerging in Florida which relate to higher education, Governor Bryant has requested the Board of Control to take steps toward coordinating the activities of all interested committees and individuals in the field of higher education.

Accordingly, at the request of the Governor and by direction of the Board of Control, I am writing to invite you to participate in a two-day conference scheduled to be held in Tallahassee beginning at 2 p.m. May 29 and lasting through May 30, 1962. The purpose of the conference is to hear reports from representatives of the various study groups in higher education as to the present status of their activities, the specific proposals and recommendations they plan to make, and, if possible, the estimated cost of the program they envision.

Governor Bryant has agreed to participate in the conference, and members of the Board of Control will also take part. Because of the importance of higher education in the development of Florida in this nuclear science and space age, we will very much value your planning to be present at the meeting. At an early date a program will be completed, and full particulars will be sent you. Those being invited to take part in the conference are indicated on the attached sheet.

We sincerely hope that we may hear from you at your early convenience stating that you will meet with us here in Tallahassee on May 29.

Sincerely,

A handwritten signature in cursive script that reads "Broward".
