Tallahassee, Florida

Dear Wilson:

We are planning an important conference on higher education to be held in the House Chamber here in Tallahassee beginning at 2 p.m. May 29 and extending through May 30, 1962.

The purpose of the conference is to hear reports from representatives of the various study groups in higher education as to the present status of their activities, the specific proposals and recommendations they plan to make, and, if possible, the estimated cost of the program envisioned. Governor Bryant has requested the Board of Control to assume responsibility for coordinating these various recommendations and for arranging them in such priority order that recommendations submitted to the 1963 Session of the Legislature for appropriations can be thoroughly understood, evaluated, and acted upon by the Budget Commission and the Legislature. Attached is a copy of the program and a list of the participants.

Governor Bryant will serve as the keynote speaker, and we view the exchange of information in this meeting as being most significant in assisting the Board of Control to coordinate all of these proposals and requests.

We sincerely hope it will be possible for you to attend the conference, and I will appreciate hearing from you at your early convenience stating that you will meet with us on May 29 and 30.

Best wishes.

Sincerely,

J. B. Culpepper  
Executive Director
