GOVERNOR

JOIN WITH JOHN . . . FOR  
AN EVEN BETTER FLORIDA

## JOHN McCARTY'S GOAL

Florida must maintain its position of leadership in the nation. We must continue to base our progress and prosperity on solid foundations.

The next four years will be critical ones for our State.

The manner in which Florida meets its problems during these times will determine our future course for decades to come.

It is vital that our state government be in rapable and conscientious hands, that our ideals and standards remain high and that the highest position in our State be occupied by one who knows Florida, its people and its governmental needs.

I pledge the full use of my energy and experience to do the job ahead. I hope you will join with me in this campaign for an even better Florida.

*John McCarty*
