## SPECIAL TO F.D.P.A. MEMBERS AND OTHER DISTRIBUTORS

Re: Candidates for Governor,  
Commissioner of Agriculture,  
And Members of the Legislature.

I am sure you realize the importance of agreement within the Dairy Industry . . . regarding the policies to be requested of Candidates for these offices toward our Dairy Laws and their Administration.

Enclosed for your information is a copy of a 3-page summary of Florida Dairy Laws and recommended policies regarding them . . . which our Association is furnishing most of these Candidates.

We hope the views we have expressed agree with your own . . . and that you will make it a point to mention them to any Candidate for Governor, Commissioner of Agriculture or the Legislature you may be in touch with.

Also enclosed is copy from an editorial of the Tampa Tribune which shows that every effort will be made by the enemies of "Milk Price Regulations" to make an issue of the Milk Commission Law in the political campaigns.

Please advise our office of any Candidates you might learn about who is not in agreement with "continuing our State Milk and Milk Products Law in the Department of Agriculture" and the "fair administration and enforcement of the Milk Commission Law".

Yours sincerely,

*Andy Lay*
