Dear Farris:

It was very kind of you to write me about the coordinated Democratic campaign. I have no opposition in this election so I am devoting my efforts toward helping the nominees in this County who do have opposition.

We have a very strong Republican faction in Brevard County who are offering candidates in the race for State Representative against Jim Pruitt, Tax Assessor and the three County Commissioners. Speaking truthfully, the Republican candidates are not worthy of consideration while the Democratic nominees are just about the finest group we have ever had.

It is not too clear to me how we might coordinate the State races with the local ones. We will be perfectly willing to do our part and will appreciate any suggestions you have to offer.

Sincerely,

Bernard Parrish
