

31 March 1960

Mr. Buren Brice
Bronson
Florida

Dear Mr. Brice,

I am certain that you are familiar with the organization The Younger Democrats for Bryant. This is an organization for young men and women between the ages of 21 and 35. Through this group we hope to attract some of the younger voters around the state by giving them some responsibility in contacting the people their age. We have found the idea well received in most areas.

We need your help in contacting an outstanding young man in Levy County, to head our organization. His job will be to set up committees to help him reach the younger men and women. He will be part of a state wide organization and will have special stationery, literature, etc. If you will arrange to put us in touch with your choice, I will drive to Bronson next week and explain to him his duties and the policies.

Thank you for helping us with this problem. We will sincerely appreciate your prompt attention to this matter.

Cordially,

Randolph C. Tucker, Jr.
