Mr. John C. Pace,
Pensacola, Fla.

Dear Mr. Pace:

I have yours of the fourth and also
letters along the same lines from Ray Richardson
and Raymond Mason of Jacksonville.

You may rest assured that George Davis,
Herman Root and myself will do all possible to raise
some extra cash in Clay County, but any amount above
the requirements in the county, which we have guessed
as a minimum of \$4,000.00, is going to be difficult.
Up until this time I have carried the load myself and
looks as if will have to continue doing so until after
the 15th of this month, when I hope will loosen up a
little.

We now have our county headquarters
open at 134 E. Walnut, in a building donated by
George, and are at work. Our main opposition in
this county apparently will come from Burns, but we
are optimistic about carrying for Ferris. All other
contestants are pretty well down the line at this
time.

With best wishes,

Sincerely yours,

D. L. Richard.
