Mr. Philip W. Moore, President  
First Research Corporation of Florida  
701 First National Bank Building  
Miami 30, Florida

Dear Phil:

I believe with you that this Legislature is not going to bring out anything definitive on tax reorganization. There are, however, a number of proposals for a continuing study on the subject and if any of them are adopted I shall certainly take an active part in them.

In such event it will please me very much to secure your assistance, and I will make representations at the proper time toward that end.

Sincerely yours,

FARRIS BRYANT
